Until the reconciliation!!

On the day of 70th liberation anniversary and 70 years of separation, we had a table sharing performance at Dorason Peace Park in DMZ to share meal first leaving seats for South and North Korean soldiers. Although it started with empty seats, we stepped the first step of Bab PeachMaker Movement strongly praying the day to realize the table of reconciliation and love that leaders of South and North Korea share the meal first shouting "Bab is the answer!!"

* Bab means a meal in Korean

Lots of people say like this;

'Oh! Pastor Choi, why have you started a thing that has no answer again?'

But, one bowl of seolleongtang from a young man at the square of Cheongnyangni Station 27 years ago became a Babfor over 7 million bowls now and practice the serving of sharing at 17 branches in 10 countries.

Of course it was possible as there are prayers, sharing, and supports as well as the grace and compassion of the Lord to make it come true.

Now, Babfor is continued to ggumfor and the Bab PeaceMaker Movement will be continued until learders and solders of South and North Korea can share the table of reconciliation putting down guns even for a short period of time as the preparation of the reunified Korea.

Nobody knows when this dream can come true, but with the first heart of boiling the instant noodle, the Babfor will be continued until there is no one who is hungry in this land and Bab PeaceMaker Movement will be continued until the day of peaceful reunification.

In the week of 8. 15 liberation Day every year, the table of reconciliation will be set until the leaders of both South and North Korea sit and shout "Let's share meal first! Aha!

Rev.

BAB PEACEMAKER

We had an event of sharing table at Dorasan Peace Park in DMZ to share the meal first between the South and North on 8.15 liberation Day in the year of 70th liberation Day. With the liberation as we experience the tragic of separation, we have spent the time of confrontation and conflict without being looking each other for such a long time. To solve the pain with table, people from different levels and groups come together with one heart.

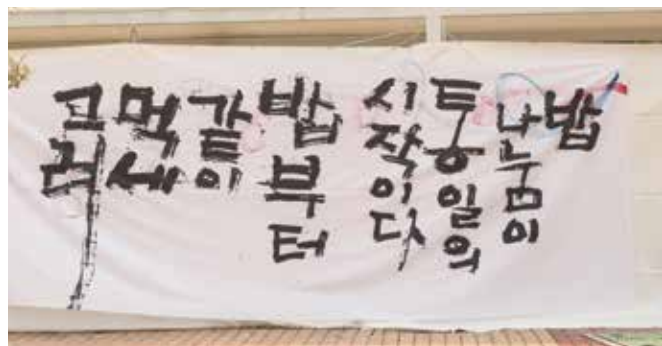

Bab is the Answer! Let's first share Bab together

* Bab means a meal in Korean

Table for the peaceful unification

The large size letters of a calligrapher, Soyeob Jeonggyun Shin,, "meal sharing is the start of unification! Let's eat meal together firstly" delivered the wish for unification from heart to heart, from the brush. Also, it was continued with 8.15 joint statement read of common representatives, Yu, Suk-Sung, Han, heonsu, and Choi, ildo, beautiful chorus of the choir of Seoul Theological University, and a touching performance of Haemaru performance group regarding unification and oneness. In the high-light of this event, Letters to North Korea, Lee, hyejin, a child of South Korea, sent a letter to the children of North Korea, Ha, hyemin and Kim, shihwa, students of South Korea, sent a letter to college students of North Korea, and

Yun, seokhwa, honorary ambassador of Dail community of South Korea, sent a letter to the mothers of North Korea, and Choi, ildo, common representative, read a letter to the summits of South Korea and North Korea. In the letter, Lee, hyejin said, "My mother is an emergency doctor, so she has visited Africa and Nepal quake zone to take care of the patients there, but she says she has never been to North Korea. How come we cannot see each other, even we are the same country people? If unification comes, I wish to share good food with North Korean friends," and Yun, seokhwa said, "I wish our sons, soldiers of South Korea and North Korea, can smile at each other brightly

facing a table, holding spoons instead of guns. Waiting for that day, I will continue preparing warm meal to feed our children," implying the regret for the situation that South and North are confronting each other. Also, common representatives of Bab peacemaker 7 persons, Kim, Young Hoon (President of Korea University Anam Hospital), Yu, Suk-Sung (President of Seoul Theological University), and Jeong, yeongtaek (General President of The Presbyterian Church of Korea) Chai, Soo-il (President of Hanshin University), Choi, ildo (Representative of Dail Community), Han, heonsu (Chancellor of Soongsil University), Hwang, seonhye (President of Sookmyung University) said, delivered their wish in a letter to the President Park, Geun-hye and the Chairman of National Defense Committee, saying, Please visit together the table prepared at DMZ, containing the wishes of 70million people," and "We would wait until you come, setting the table of national reconciliation every year, praying."

Field of reconciliation made by meal

Every feast should not miss one thing. The feast should be crowded with merry dance and singing. However, nevertheless no dance and singing, if this one thing can satisfy a feast, that is 'meal.' For the name of opening a feast to prepare peaceful unification with meal, as we have thought over the menu, we were thankful to hear that Hanchon Seolleongtang sug-

gested 400 persons' Seolleongtang and Hosigi Chicken suggested free chickens enough for all people who gather there. That was so-called a feast table, since we shared Seolleongtang, originated from the ceremony of sharing the meat boiled stew after offering an ancestral rite at Seonnongdan wishing for a rich year, as well as chicken, which young soldiers wish to have the most. Though the seats were vacant in this event, someday we wish to serve the summits of South and North Korea, firstly sharing meal together, and our sons, soldiers of South and North Korea, to share the table of reconciliation and love, holding spoons instead of guns, for a while. After sharing the table, we finished a big festival stage with exciting dance singling along 'Our wish is unification' and hand in hand. Next Liberation Day, we would prepare a table of reconciliation again at Dorasan station square, and we wish a miracle that the soldiers of South and North Korea and the summits of South and North Korea to share meal firstly face to face sitting at the table of any place including Panmunjeom. We believe Bab peacemaker movement would be a catalyst, just like a miracle of 'Babfor,' to be burst into this country, eventually unite strong energy toward peaceful unification, and open the gate of unification movement, that has come to a standstill. We wish you to be Bab peacemakers.

Start of Bab Peace Maker Movement

The Bab PeaceMaker Movement with the catch phrase "Bab is the answer. Let's share the meal first.", is a private initiated peaceful reunification movement to make the place where leaders and soldiers of South and North Korea can sit and share meals and based on it, is to complete peaceful reunification.

For the active ministry, Kim Yonghoon, director of Korea University Anam Hospital, Yoo Suksang, president of Seoul Theological University, Jeong Yongtaek, head of United Korea Presbyterian Church, Che Suil, CEO of Dail Community, Han Hyunsoo, president of Sungsil University, and Hwang Sunhae, president of Sukmyung Women's University took the joint representatives and that Park Jongsam, former president of World Vision, Lee Manyoul, former chairperson of National history committee, and Han Wansang, former president of Korea Red Cross promised to be consultants. With the consulting committee of 70 professionals from various areas and 120 action committee members, we are going to spread the overall people's movement based on them.

To the friends of North Korea, wishing to be with you

5th grader, Hanil elementary school,
Incheon

Lee, Hyejin

Hello, friends? My name is Lee, Hyejin.

Today is Liberation Day. It is the day when we were liberated from Japan, and this time is the 70th anniversary. However, I feel very sad that the only divided country in the world, also has met the 70th anniversary of the 70th division year.

My mom seems to be the busiest mom in the world.

Last year, when Sewol ferry disaster occurred, she went to Paengmokharbor, also visited Sierra Leone in Africa to take care of Ebola patients, and this time she visited to take care of the patients in Nepal earthquake zone, and now she's re-

turned. My mom is an emergency doctor who runs to any place that needs her. However, unfortunately, my mom has never been to North Korea, who's been to Africa and Nepal. Though it's not in the distance. I really don't think it's right. Isn't it right that we should make friends again even after we fight and feel tough?

People used to say to us to be friendly and don't fight, how come the people of our country even do not see each other?

What would do together when become unified? Everybody talks about it, but I do not want a big deal.

Since I like music, I want to sing with you. Also, I like good foods. Today, they say, "Let's first share bab."

That's good. I like to share good food with my friends. Let's not forget that we are the same country and brothers and sisters, let's go ahead holding hand in hand.

My dear friends!

I will wait for that day, praying. Wishing for the unification of our country.

Let's not forget that we are the same country and brothers and sisters, let's go ahead holding hand in hand.

Letter to the friends in the North

Sophomore, Soongsil University
Kim, shihwan

How are you?

I'm Kim, shihwan, a student at Soongsil University.

Today is August 15, 2015, the 70th anniversary since liberation. Since South and North Korea was divided, it's been over 60 years. Beyond political ideology, today is the day when all friends of South and North Korea, including me, are celebrating liberation of the Korean Peninsula, with one heart.

Soongsil University, where I study, was founded in Pyeongyang, in 1897.

Since the school had been voluntarily closed in 1938, due to suppression of Japan, until it was reconstructed in Seoul in 1954, young men of South and North fought against Japanese suppression with one will and one heart, studying hard in the same school. Beyond the right and the left, beyond political ideology, students of South and North bled lots of blood to gain independence, finally we could achieve it. However, we, those who fought against Japanese suppression during that time, are now divided across DMZ. Due to this historical tragedy, young men of South and North, including me, are regarding each other as the enemy regardless of their will, even though they have no resentment against each other.

From old times, dinner table has symbolized the relation of family and brothers. Our families have worried about each other whether there's anything needed while crossing each other's chopsticks and spoons sitting at the table face to face. In every meal, if we sit around a table and eat and drink, I'm sure the conflict between South and North, ideology of the right and the left, our forces and enemy forces would disappear, and we would become a true one race and one family. Sharing the meal together sitting around one table would be a meaningful act that will break the social barrier between those sitting there, achieve social unity and social equality. Sharing a table is not a mere dinner, but being a family.

When the young men of South and North sit at a table together face to face, sharing the same doenjang stew, dipping the spoons and crossing chopsticks at delicious kimchi, that would mean the day of peaceful unification. I sincerely wish the day to come to share a table together, along with college students of South and North Korea, as myself, and young men, sending a letter to the friends in North.

"Hello, my friends in North, what are you thinking about these days?"

We are thinking about how to get good scores, how to pile up much spec, or how to get a job, all about the future. I wonder what kind of worries you have. Maybe you would worry about the future of your own, or sometimes severely worry about the problem of your family or the country. I'm sorry about this situation that we cannot comfortably face each other's face, even though we are under the same sky. Someday maybe we sit together and share such worries together. When would we discuss together about how to live the world as young men, and what to do for the future of one Korea, worrying together as the college students of South and North Korea?

When would we sit at a table face to face and talk with each other? to share the meal of one pot and sungnyung from the same pot, sharing warm table talk?

Unification is definitely coming. And the leaders of unified Korea are surely the college students of South and North. I'm still learning about unification at school, thinking about unified Korea, not far away. Also, I'm thinking about us who lead the future of unified Korea, who are the leaders of unified Korea.

I would like to send this message to you to meet in future. Let's imagine and prepare unification from now on. We are not the enemy but the friends to cooperate and live together in unified Korea. Though we are celebrating the liberation day in different places, but later let's celebrate the liberation day in the same place, being the one. I will wait for the day when we share a table smiling face to face. Looking forward to sharing friendly talk drinking delightful sungnyung, let's do our best for today."

To mother of North Korea

Actress

Yun, seokhwa

How are you? I'm really happy to greet you, mothers of North Korea through this letter, as a mother.

When our grandmothers evenly fed their grandchildren who had a good appetite, we were liberated from Japan. However, just before we could share the pleasure of liberation with each other enough, we were divided into South and North, so that we have faced away from each other.

This year is the 70th anniversary of liberation! It's been already 70 years since the liberation. Children of the grandmothers, who joined the battle, do not exist in the world any more. A long time has passed. We have not met each other asking after each other, time has just passed.

Mothers! Do you feed your children every meal? We've wondered to which mom's kitchen would the rice is delivered, whenever we see the news on TV regarding that South Korea's sending rice to North Korea.

They say you would get nothing to envy in this world when your rice chest is full. Mother, you always said I'm ok, to feed your children even when you were suffering from lots of difficulties due to insufficient food. I would like to silently ask you, whether you used to look up at the sky quietly with hunger.

Now just as we set a table for the children for whom we would offer anything, we would prepare a meal for your children. A warm rice bowl is here. Let's share our heart first and then let our sons and daughters eat their fill.

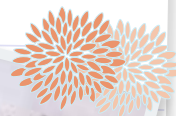

We wish our sons, soldiers of South and North to hold spoons instead of guns and brightly smile without any other worry, sitting at a table. Let's pray, as mothers, until we harvest the rice in the field holding our hands of peaceful unification. As we've done until now, we would prepare a warm table for children steadily, waiting for that day.

All mothers of the North! You also would prepare a table today for your children, as your mothers and the mothers of your mothers had done so.

We wish your table would be rich.

April 15, 2015

**Dear the President
Park, Geun-hye
and Chairman of
National Defense
Committee,
Kim, Jong Un**

7 common representatives of
Bab peacemaker

Although our parents, brothers, and sisters have tried to protect this country so precious, however it's been 70 years since the pain of separation into South and North.

To receive the 70th years since national separation at the same time with the 70th liberation anniversary, I feel the pain of separation so deeply. We can interact with each other only through complex overseas path even within a short distance, only watching the hometown, under our nose, and we cannot erase this pain to calm down missing of separated family with burning heart, wondering if they are alive.

Those 70 years, we remind of that times we met with open heart and mind. We can remember those times that we supported each other holding the unification flag, moving each other's heart. We sincerely pray and wish the time to come and we can meet heart to heart which is deeply moving time.

When we think about the reality of those 70 years that we couldn't meet each other, putting on the wires, we feel so broken-hearted. Who would be glad about this reality among the 70 million people of our country, who have such broken heart!

Dear the summits of South and North, let us ask you to see this painful and stuffy reality as it is. We wish you to sit at the table face to face and take the first step to open the stream of peace and disentangle the skein of separation.
So, we have prepared a simple table.

This is a table, the origin of life, where we wish us to meet without any restriction, but only with warm heart. Since we believe this can be a way to solve the stuffy reality of contradictory national separation delightfully, we have prepared this table with all our heart, wishing for the miracle of healing and reconciliation by this table filled with mother's love.

We ask you to come to this DMZ table, prepared with the wish of 70 million people! When you sit at the table open-mindedly, the symbol of reconciliation, we think we can rewrite the history of national liberation that was achieved by the patriotic martyrs and the hope of 21st century unified nation. We will keep on waiting for you by preparing for the table of national reconciliation and national liberation every year, praying.

"Bab is the answer! Let's first share bab!"

Please listen to this sound of people with tears and feel empathy, we earnestly wish you, supreme leaders of the soldiers of South and North to come to the table of the next year.

Cambodia Vision Trip Report

I've come to Cambodia for a short-term missionary with a vision for children's mission work, gratefully, I could serve at Dail Community for 'kindergarten mission' since January, 2015. At first, I feared for starting the mission work in the situation that even I couldn't speak the language, but when I look back, I could realize that was a special opportunity that God gave me. It was an environment with different culture, different language, however I could learn God's help to transcend it and God's mind toward the children here.

Saemmul Dail Kindergarten located in a poor village!

Children's look was much more brighter than I expected. When I saw the children who greet-

ed me with open mind, smiling, I learned one thing. The first important thing to open each other's mind is to greet with bright smile, whoever I would meet. Children look at me with shining eyes in a class without missing a word, attending the class, listening carefully. So I want to teach them for more things and love them more. Those hours when I laugh loudly together with them, keeping eye contact with them, and do pleasant activity are so grateful and precious for me. Some days ago, I visited Dail floating kindergarten in the lake Tonle Sap. Children of this floating kindergarten live in the Vietnam floating village, who come to the kindergarten by boat every day. When the boat is broken or if it rains heavily, they cannot come to kindergarten. As they live in the floating houses, since they have little space to play in and insufficient play culture, they delightfully run and play when they come to the floating kindergarten in a wide space and concentrate on class. Though the way to kindergarten is hot and difficult, when I see the children who participate so earnestly and concentrate on the

class, I feel so grateful and fruitful.

Wish to give a small hope to little children!

Just as teaching Korean children, I wished to tell them delicately and detailedly, however, due to limit of language, I always couldn't but feel insufficient and sorry for them. Nevertheless, I was really grateful because my heart toward them was completely delivered to them. So I could continue my class with more strength with joy and thankfulness, thinking this is why God sent me here! Henceforth, I'm always praying for Cambodia to improve children's education environment better than now.

Various children are coming to have a meal. Some children spend a whole day only with a meal, some children hold a bag with one hand, worrying about the rest family so that they wanted to share the meal with them. When the children wash the dish after finishing a meal, I take some time to look back to be thankful and repent. Mission of beautiful share of love, warm Babfor and Bbangfor!

Mission work of Babfor, sharing warm meal

with every person every day, saying "Eokun, Praire Jesus!" And Bbangfor mission to bake bread with heart and share with children!

I baked bread with heart talking with the staffs, "I wish the children feel so good and happy to have this bread that we've made!" In the weather at the temperature over 40, the oven was so hot and difficult to stand, however it was really a happy time to think about the children who would be cheered up to have the bread.

Dail Community that allows us to feel, learn, and realize!

With the learning that I've got here, I would be a person who lives a life that corresponds with God's words and delivers God's love with bright smile. And I will pray for Cambodia and Dail Community! "Eokun Praire Jesus~ "

Park, gyunghee

Teacher in charge of Gyeongbuk Christian Child Care Center

The Cambodia voluntary service team composed of children, teenagers, and teachers of 15 child care facilities in Gyeongsangbuk-do headed for Siem Reap, Cambodia for 5 days' trip, under the subject of Throbbing, Sharing, Changing.

On the third day of arrival at Cambodia, we headed for Cambodia Dail Community for voluntary service activity. Within the moving car, I came to think about several things. I wondered what is the purpose of founding Dail Community and the management method, whether such many voluntary service workers would participate in service, what kind of service activity we would perform, whether we would cause damage, etc., continuing worries and imagination, before I knew, the sign if Dail Community was seen in a distance and I was

informed that we'd arrived.

As soon as we got off, we could learn what that place is, by which purpose it was managed and served, thanks to the passionate introduction of the staff of Dail Community. To see the staffs of Cambodia Dail Community, who conducted Babfor, Bbangfor, support for floating poor village boats, and children's education, etc. I looked back on myself who did not act, even though I'd wished so much in mind.

After listening to the explanation of what Cambodia Dail Community performs, we started voluntary work by being divided in groups, e.g. Babfor, Bbangfor, washing children's hair, and spreading fertile and soil over the flower garden, etc. Much before meal time, children were crowded there, running and playing here and there brightly. I prepared meal as a member of Babfor group. The restaurant was very hot with the heat of preparing the meal, however I was so grateful and happy to prepare meal for the children, even it was a small thing. While we were preparing the meal and distribution, the

center was crowded and noisy with the children who came early and took the seats. That looked so delightful. I could feel the pleasure of a meal, and I was also delighted to see the children's pleasure.

Actually, it was not easy to come close to the environment and the people unfamiliar to me. When I first arrived at Cambodia and started voluntary service work, I looked back on myself who firstly searched for something different in them from us. Shamefully, I thought to myself that there would be no common area to empathize, due to different skin color and language, however I felt that we could be the one only with the eye contact in Dail Community. I was so grateful to see the children who smiled at me whenever they see me, and I was so sorry that I didn't first approach and embrace them.

I was so touched to see the children so pleasant and happy even they walked a long was barefoot for a meal, and I was so ashamed, who had not been so grateful, to see an 8-year-

old children who walked embracing younger brothers and sisters in their arm.

I was so proud to see that Dail Community, which started in Korea, has extended its Babfor to Cambodia, and several countries in Asia and Africa, also, I was so glad to participate in this service.

Through this Dail Community voluntary service, I determined to pray to live a nice life of grace, from now, from small thing, from what I can do, from myself, for the recovery of God's order of creation, even with a slow step. In this generation, which likes to concentrate on great, big, and brilliant things, I meditate on the precious voluntary service at Dail Community and think to myself that I can change my life with this time voluntary service by practicing sharing from where I am, even with small thing.

Noblesse Oblige

Noblesse oblige event already has already received the 7th anniversary.

There are always warmth and softness in the meetings that support the missionaries of Dail, who are sharing and serving in the 17 branches in 10 countries in domestic and overseas, and the alienated neighbors.

Noblesse oblige of Dail is not the movement that those who have relieve those who have not, but to do their social responsibility as much as they were loved and selected, without dividing each other based on possession and class, since we are the community just as one body.

Modest support from STS Development, City environment general architecture, and SGI Seoul guarantee.

There was no elatedness or sense of superiority on the look of the deacon Kim, hyunseok of STS development, who promised today to build Dail orphanage in Hunchun, China, President of City environment general architecture, Jang, naksun, who supported a great

amount of 26 million won, and SGI Seoul guarantee, who supported 10 million won, but they were full of modesty and beauty full of happiness of giving.

Dail's Noblesse oblige that shared together by inviting 100 Bab peacemakers, regardless of rich and poor, high and low, was a sharing feast full of gentle inspiration that the modest

people presented. Every member of support group that supports Dail is so precious and beautiful, even they become the inspiration by themselves during the event as well as after the event, and those lifelong angel members who promised 1004 10thousand support, angel members, and 1 to 1 relationship support members are continued constantly, on the way home, which again was an inspiration for all who serve the mission.

Inspiring time being more abundant with talent donation.

In the 7th Noblesse oblige, there were the announcer Kim, haneul, who smoothly conducted the event through talent donation, besides support members, Tenor Kim, jeong-gyu, who inspired us with praise, and acoustic

band BRANCH, who received much applause.

As the history of Dail Community, which has no support member in its initial time, has flowed like water so far, we not only are thankful for those who have been good to us, but also we cannot but be thankful for those who caused us bad memory, injury, pain, and resentment, since all of them are God's grace and gift. The reason why such things we have passed so far are so thankful is, because we believe in God who always prepares better things than we've thought, planed, and imagined, as ever.

For the support members who are in Noblesse oblige, everyone who loves Dail, and the Lord, who manages everything, all things are the grace and thankfulness, for the supporters' night, today!

Medical camp held in Nepal again

Nepal has 6 seasons, including spring, summer, autumn, and winter, as well, rainy season and a little bit cold season. Now in Nepal, it's the rainy season, every night it rains and once or twice it rains in the afternoon. Due to lots of rain on every day, landslide occurs in many places, accordingly, human life damage is continued. This way, nevertheless it's a difficult time, 7 groups of medical voluntary service team, lead by director Lee, myunghyeon, from July 27 to August 3. They served the poor village and Korean missionaries, mainly with Sindupalchok, the biggest quake damaged zone. Surprisingly, the spot where medical camp was held, did not rain even everywhere was rainy. As if God helped them holding a big umbrella, to let many Nepalese be cured with the pain and fear of earthquake through the medical camp.

Now our center can use clear and clean water, also, poor village people and the children can run to our center to turn on the water and drink, whenever they get thirsty. We deeply appreciate the Scientists and Engineers Without Borders and Green EnTech, who served with love without reserving efforts.

We ask your prayer for Nepal!

Please pray for the constitution enactment, to secure freedom of religion.

Nepal has not enacted a constitution. It is exerting efforts to enact a constitution since the

earthquake. Most of the vested interests are exerting efforts to return Nepal to Hindu country, trying to pass the law prohibiting religious conversion. When this law is passed, Christianity mission work is prohibited, and the mission work becomes difficult. Please pray for this.

Please pray for no more earthquake.

Still there are aftershocks continued in Nepal. There were aftershocks with Kathmandu as the epicenter, everybody ran out of the buildings and the children took refuge under the action of the school, by moving toward the playground from the classroom for a while. Until now around 10,000 died from quake and aftershocks, 25,000 were injured, over 600,000 houses were completely broken, and 300,000 houses were partly damaged. Previous big three earthquakes occurred in Dolaka and Sindupalchok in the east, Everest in the north, and Gorka and Dading in the south. Due to this quake, scholars' researches have been reported that a big earthquake is expected due to the gathering of energy in the west due to this quake, which was also reported in the newspaper. Please pray for Nepal, to be protected from the fourth quake, which is told not to be smaller than the first one.

Please pray for Nepal Dail Community to serve the mission for the poor village and quake damaged zone.

Nepal Dail Community is operating Babfor, Bbangfor, kindergarten, hope school, vocational technical school, one-to-one relationship child support, after school class, etc. in the biggest poor village in Nepal, also, constructing toilet, water tank, school, church, and orphan-

age in Sindupalchok, please pray for Nepal Dail Community to well handle the mission without being exhausted.

Nutrition Day of Philippine Da-il kindergarten

In Philippine, there's a day with a purpose of 'let's have healthy vegetable!' once a year. It is impossible to imagine it in Korea, where tens of kimchi are, people in Philippine eat almost no vegetable, so that there's a day to encourage to eat vegetable. Since the village where Dail Community is, is a poor village, therefore, it is even more hard to buy and eat expensive vegetables. This Nutrition day, we did not perform external street parade, instead, we invited the parents to our center, played games with the children, and held an event to make and eat sandwiches by themselves. We also held picking cookies with Korean cookies made of onion, everybody spent a pleasant time with the game that they had never done before. For the vegetable name telling game, we prepared various vegetables and while they were telling the name of vegetables by covering the parents' eyes by pairing up with children and par-

ents, competition was very severe.

We made and ate instant sandwiches of their own with various vegetables by putting various vegetables side by side, with ketchup, mayonnaise, honey mustard, and hot sauce. Philippine food was abundantly placed that were prepared by Philippine parents per group, so it was a feast table. On that day, children's faces were full of big smile and the parents were continuously taking photos to contain such lovely look. Teachers and staffs also proceeded the event pleasantly seeing the scene that the children and the parents were so delightful. Beyond the frame of Nutrition day of every year, we spent a precious time to realize that vegetables are easy to eat, which are not the things that they cannot eat, thinking about the thankfulness and nutrition that vegetables give us. We already can't wait until next year's Nutrition day. **DAIL**

Dail floating kindergarten

In Dail floating kindergarten in the floating poor village is taking care of Vietnamese children who live in Cambodia. In morning time, we hold kindergarten class and learn Cambodian language in the afternoon. Among them, children most prefer art class. To meet the firstly experiencing various programs, children's faces are becoming brighter every day. We wish your interest and prayer for the Vietnamese children not to lose dream and for them to study and healthily grow, who are in the most difficult situation among the Cambodian floating poor village.

Building houses of love

A beautiful house was built in Throokbueok village where quake victims are living. Chungshin church directly built a house and presented it to a mine victim family who desperately needed a house. This family's father lost arms and the legs are inconvenient for normal activity, also, the mother passed away a few years ago. The children go to school and are supported with rice due to child relationship support, however they were in very difficult situation under a shabby house of which roof was leaking. We could present a solid and beautiful

house to the family thanks to the efforts of the families of Chunghyun church who exerted loving heart and passion in the pouring rain that poured several times a day.

Yehyang church's Young men Joshua

Yehyang church, in Gyeonggi-do, served Kamdail with the dream team for ten days. In order to serve Cambodia, all of the young men's warm sweats and tears, who shared their fund and time, were delivered to the children and the neighbors of Kamdail and inspired many people. Young men did their best in serving various missions such as Babfor, Bbangfor, kindergarten, afterschool class, library painting, etc. and detailed parts as warehouse arrangement, cleaning, etc. by being the hands and feet of Jesus. Families of Yehyang church also supported necessary goods for kindergarten, library, etc., wishing to participate together. Thanks to their help, every place of Kamdail became beautiful and abundant. We deeply appreciate the young men of Yehyang church, who served with all their heart, will and power.

A company that grows with Vietnam

Constant sharing business of POSCO ICT.

There's a company which supports staff voluntary service and babfor every year through Vietnam Dail Community. POSCO ICT Vietnam is the fourth foreign branch after China, Indonesia, and Brazil, which is a corporation based on Information Communication Technology(ICT) field. As Vietnamese economy has grown, POSCO ICT is also growing as a corporation that greatly act for Vietnamese economy. POSCO ICT, which comes first to the place which needs a help behind the huge light of economic growth, is taking the lead of Vietnam babfor voluntary service activity directly by the executives and staffs every month and sharing the company's profit to fill the alienated neighbors' needs. On Children's day, they prepare the fairy tale books translated in Vietnamese language for the children, the staffs who came from the surrounding countries for business participate in babfor voluntary service as well, their families also participate in sharing.

This year also, they are practicing their promise for the free meal babfor food distribution cost and nutritional supplement support for the handicapped and the alienated neighbors.

We expect POSCO ICT, who takes the lead in sharing and love for the alienated neighbors, while serving a great power for Vietnamese growth and development, to continuously grow and develop.

Hand of hope, Tide of love that is delivered nevertheless a long distance.

Vietnam Dail Community, full of steam, is burst with happiness every day with the smoke of cooking rice. babfor, which makes us full only to see and happy smile, delivers bab of love today. Though the cooking place is not well prepared to cook properly, and the rainwater overflows to get the service workers' clothes wet during the rainy season, however those are also pleasant memories. However, to make more nice memories, we made threshold with bricks where the rain used to overflow, and installed windbreak at the place where rain used to blow in. Vietnam Dail Community, which always experiences the miracle of 5 loaves and 2 fish... The miracle of 5 loaves and 2 fish of this time was possible thanks to the warm hand of an American 'White Springs Inc', who delivered their support, nevertheless a long distance. We deeply appreciate the executives and staffs of 'White Springs Inc', who regularly support us every month.

Amusing zoo picnic of hope class students

Students of hope class, who have never left Kunduchi stone pit within the restriction of poverty went on a picnic for the first time in their life. Though it's not Safari (means 'travel' in Swahili language) of Serengeti National Park in

Tanzania, the first picnic to a small zoo nearby the village where Simba (means 'a lion' in Swahili language) of 'The Lion King' was a great event for the children of poor Kunduchi stone pit village to remember in their life. The children who hid their beating hearts since the picnic date was fixed, but they began to express their excited mind to see a lion when they arrived at the zoo. The children who shouted "Simba, Simba!" were so excited to see hyena, ostrich, flamingo, monkey, zebra, turtle, giraffe, and python, etc., so the zoo was full of our children's excitement and joy

Deacon Kim, hyunseok's visit (President of STS Development)

During the summer vacation, all families of Dail child care center went on a waterside. The children who were not exhausted even after playing all day long asked for one more hour, feeling so sorry to return, as expected, children are to go out and play. Currently Dail day care center is on the 3rd floor of a building by rent, so we were always missing a place to play. Deacon Kim, hyunseok of Dail church listened to this situation and visited Hunchun, China during his busy schedule, in order to help construction of Dail day care center with playground for the children to play. He is so precious person who always loves and supports China Dail Community.

For the construction, there are still lots of difficulties, however we wish everything to be done well with a good road opened thanks to Deacon Kim, hyunseok's loving heart and your prayers. When the children rode on the back of a turtle, fed the giraffe by themselves, the small zoo was swallowed by the children's shouting. They have never been there due to the admission fee 2,000 shilling (Korean won 1,000 won), but when they met the new world, they started to dream a new dream. Henceforth, we hope your interest and support for the children to continue dreaming through this hope class.

New family of Tanzania Dail Community Minister Park, jongwon was appointed as the 2nd director after the director, Lee, hyunshin couple, who have served Tanzania Dail Community during the last 3 years. Mawe's college graduation, Wang, joseon's college entrance

China Dail's Mawe graduated from Chang Sai-gong University. To see Mase, who has graduated from the university, having studied hard during the 4 years and Mawe's diploma, we were deeply inspired. We highly appreciate Lee, soogui from Chicago, U.S., who has supported to make the diploma. Lee, soogui(Ms. Smile) is a mother of Mawe, who promised God to give birth to Mawe with heart. She's been together with support and tears during the 4 years constantly. Thank you! Also, Wang, joseon passed the entrance examination to Yanbian University of Medical College, and entered the school. We celebrate his first step to start a new life and are very happy to imagine that he would become a doctor and serve voluntary

work at various foreign mission places!

Kim, woongnam's wedding

Kim, woongnam, who's grown at Dail child care center, has married and had a happy family by meeting a partner of belief. To see the new couple who say that they would live up to many people's love, everything's grace and thankfulness. We love and bless Kim, woongnam+Park, ryeonhwa family, who confess that they would live by cherishing the gift and wedding ten commandments that the minister Choi, ildo sent up to the wedding date. Hunchun POSCO regular service (Director of corporate body, Yeon, jeseong) Third week of every month, executives and staffs of POSCO Hunchun visits with armful delicious snacks and neatly clean the old dirt around the stairs and every place of child care center. Also, they promised to raise 2% of all staffs' salary every month for regular support. Since the director Yeon also comes and supports us every time, now we feel them as our family. We are glad to see those from a distance, however it is so nice to see the increasing number of voluntary service workers who serve with pleasure in China site. **dail**

We implement Dail small heaven tuberculosis regular medical checkup and education.

On July 21, 2015, Dail small heaven conducted tuberculosis regular medical checkup and education for the elderly to prevent infectious disease and early detection treatment in their group life. This time tubercle regular medical checkup was supported to shoot at babfor sharing movement square thanks to Dongdaemun health center, so that the elderly didn't have to visit the hospital. We, Dail small heaven, instructs the associated members in right knowledge of tubercle and preventive means. We highly appreciate Dongdaemun health center for their help.

Happy bean-Shinhan Family ten thousand won sharing donation.

"Angels who perform aloha~ukulele"

Dail small heaven suggested a proposal with the subject of "Angels who perform aloha~ukulele" for the Happy bean-Shinhan Family ten thousand won sharing donation culture art support. Most of the associated members

have death ahead, who frequently show stress, helplessness, and depression due to health condition. Also, those who are dying make important decisions in their life in respect of 'whether they should face death spending the rest of life just sitting or try something and make some time to create the value of meaningful happiness?'

Therefore, we consider that it is necessary for them to live a leading life and changing life through music performance activity that is easy to handle, instead of waiting for death lying on the bed. Due to a long street life, it is hard to see active aspect in them instead of exhausted and helpless aspect. In order to deliver the bright and hopeful message of the elderly, we are planning to have instrument performance activity (ukulele) meeting in our institute.

Please present smile to the elderly.

Please share the comments and beans of hope!

Please share your love together. **dail**

Babfor Sharing Campaign

Ji Hyun Lee,

Director of Babfor Sharing Campaign headquarters

Babfor is hope, hope, and hope.

As the mid July passes, Babfor is full of young voluntary service workers of elementary, middle, and high school students. Babfor service, which starts from 9 a.m. is difficult to participate during the semester, accordingly, they participate during the vacation.

Babfor restaurant is full of children's innocent laughter, and the elderly support student volunteer service workers with delighted smile with strength, seeing the girl students who chatter all through the service work and boy students wet with sweat that sheds like a shower washing the pot and food trays.

Still many of them participate in service work just like playing with friends rather than the meaning of serving someone, however as we watch them feel something and change their

attitude even with one day experience, so we expect this service could be an important foundation to decide a direction of life, henceforth, not just stopping at mere an experience. In the last step of Babfor service, they make a report.

Below is a report written by a girl student.

Babfor provides a warm meal, precious than any other thing to those who feel hard and lost everything cruelly. Actually, it was very difficult for me to know the real meaning and purpose of 'Babfor', since the concept of 'a soup kitchen' was not so meaningful to me. However, I could realize a big thing through this time Babfor volunteer service work. That is, "This place, 'Babfor', which is not important for me, could be more warm and important place for some people."

This service work was not so easy, wasn't interesting, either. But when I saw those who looked down became brighter and happy while they were having a meal here at Babfor, my mind

also got brighter and felt this service meaningful.
I would like to deliver Babfor, that warm and bright hope, hope, and hope to them!

The student experienced the her mind also changed to see the elderly who changed their look and became happy.

We see hope in Babfor service of sharing and serving of these children. Babfor service is a vivid educational field that students could learn in their bones. How about visiting Babfor restaurant hand in hand with your children with a wish for the children to grow beautifully with warm heart?

"Babfor has two miracles. First is, there has been no food poisoning accident for 27 years so far.

This means the service workers worked hard in the 3rd stage of Babfor service, the final stage. After distributing the meal, they clean the hall, wash the pot, cleanly wipe the drain of the restaurant, boiling the spoons, and washing

the dishcloths seem to be simple work, however very difficult to do. However, such efforts could create such miracle.

Second is, during the 27 years, we have never stopped distributing the meal due to shortage of rice." Sometimes anonymous donors leave rice in the yard of Babfor, sometimes beans on the stairs, with such united efforts the meal for the elderly has been continued. During the 27 years, Babfor is a miracle of everyday. Thanks to the gathering of several volunteer service workers and supporter members' love and donation, it could have been continued so far. Today also the warm world, beautiful world made of bab is continued. We ask your continuous love and interest to continue Babfor sharing of love 'until no one starves on this land.' **dail**

Jeonju Seonggwang Church |

In the vacation, middle and high school students of Jeonju Seonggwang Church visited Seoul for a summer retreat. As the program of retreat, they visited us to the sharing and serving place by including Babfor service. They showed so beautiful attitude sincerely serving each of the elderly with bright look and voice. Through this summer retreat Babfor service, they could have a meaningful time to learn the mind of serving the neighbors.

Myung-il Middle School Neulbit Brass Band |

On one day when it was rainy and drizzling, such exhausting day both for mind and body, Babfor restaurant became an unenviable restaurant thanks to the splendid performance of the Brass Band. That was a nice performance of Myung-il Middle School Neulbit Brass Band. The elderly were so happy to see the brass band that they cannot easily see, so that they joyfully danced. Thank you so much! for Neulbit Brass Band visiting concert!

Dongbu Talented Students' School |

Continued to last year, Dongbu Talented Students' School students came for service work during the vacation. They came from the 1st graders and the 3rd graders of middle school one day in turn, they served so hard as if they were competing who would do the best. That was so beautiful to see when the students who came second cooperated with the friends who served first by informing of how to serve. We hope to see you next year again. Dongbu Talented Students' School friends!^^

Amadeus Korea |

During July to August, most of group teams are students, however a corporation visited us after a long time. Executives and staffs of Amadeus Korea showed active interest with sparkling eyes from first greeting and served so hard, they returned promising that they would visit again with their family, regretting they hadn't visited here Babfor. Such love sharing with family, this is really happy family. Thank you so much.

Poem that consoles the heart

Writer Eugene Peterson

Picked by Byeol Elife Choi

>>> Let me
find
my
appearance

The Lord,

I'm wearing glasses eoseumpure
I see the world.
So I'm vague and dark
Full of shadows.

You are the light of the world.
In the light of the love
Let me see my appearance.

Thus
First look you can see,
In your salvation
Let find the first aspect.

Amen
