Merry Christmas!

10월 04일은
우리 모두가
天使 되는 날

You are the angel!

On October 4, after the event celebrating the 23rd anniversary of the Day of Angel, I was so overwhelmed by happiness and memories I could not sleep that night.

475,000 won (\$470). It started 23 Years ago from today with 475,000 won (\$470) collected from working women who were judged by others as sinners, and the Angel Movement began with the aim to gather 1004 people who make donation starting from 100 won (₩10) to 1,000,000 won (\$1,000). Since then, with the donation received over 10 years of time, Dail Angel Hospital opened on October 4, 2002.

This miracle was realized thanks to angels who were with us until we finished building the hospital and also those who made regular monthly donations to maintain the hospital.

Dail does not believe success is about achieving something big. We believe small things are beautiful. And you, donators, are with us in this spirit.

We would love to visit each one of you to thank you. You are the joy and pride of Dail! You give us strength with your 10,000 (₩10) won and 20,000 won (₩20) donations to Dail and 30,000 won (₩30) child sponsorship.

You are the angel!

In November

Sincerely,
Rev.

The **Most Special Meeting** in the World

Minju Kim

Staff of Sponsor Management Dpt,
Dail Welfare Foundation

>> Dail staff visiting homes of children to survey their living conditions

Joining 1:1 sponsorship between a member and a child means that the child will be provided with various supports and opportunities including nutrition, healthcare, hygiene, and education, in his or her living environment. '1:1 Overseas Child Sponsorship' brings beautiful and heartwarming values to different places in the world so that a child can experience sustainable change and growth in his or her life. We wish that more and more children and sponsorship members will share warm meals, dreams, and beautiful companionship. We introduce everything about 'Pumdail, Overseas Child Sponsorship' that changes life of a child.

Best Happiness You Can Enjoy with 30,000 Won (\$30) Dail Community Overseas Child Sponsorship

In Dail's overseas service sites, you smell the rice cooking and hear the laugh and footstep of children as they run around, every day. For children who come to us carrying their little siblings in their arms to have what may be the first and last meal for the day, and those who cannot go to school because they need to work

to support the family, Dail Community started 1:1 child sponsorship in 2009. And children's life began to change with the 30,000 won (\$30) monthly sponsorship. Instead of begging in the street or looking for work, the children can now study at school, and their dreams, which used to be the same – becoming a doctor or soldier – because of their limited exposure to the outside world, became much more diverse like pilot, designer, and NGO workers. These changes were all brought by your love.

Until the day these children, the hope and leaders of our future, grow and become independent, Dail Community will continue to make effort so that more children can experience beautiful world together and fill their heart with dreams and hopes.

>> Children drawing in art class

The Child I Met

**What are the criteria for selecting a child?*

If you are already in or have considered 1:1 child sponsorship, you might have wondered how we select children for 1:1 sponsorship.

The children selected for 1:1 sponsorship are those who can be continuously managed by the overseas branch of Dail Community, and those who come from an underprivileged family, school-age children who cannot go to school because of the family's financial difficulty, and children who suffer from a disease or malnutrition.

Connecting the children with sponsorship members helps restore basic protection and rights of humans and ensure healthy and happy growth.

Children's Life Changing with a Little Attention and Love

Your warm heart and touch through the 1:1 sponsorship provides children with free meals from Babfor and Bbangfor, as well as free rice,

>> Children who pray for meal

cooking oil, and food for their home. Also, the children receive school uniform, bag, and stationery so that they can go to school.

Education is the most important factor for helping children overcome poverty and grow as leaders of the next generation. Dail Community runs kindergartens and Hope School (alternative school) to improve quality and higher education rate.

Continuing the Special Meeting

Members who apply for 1:1 child sponsorship receive the introduction letter and photos of

their sponsored child in two weeks. At the end of a year, a child development report is sent so that members can see how the child has grown over the year, and members who began sponsorship in less than a year will receive a Christmas card including a hand-written letter or drawing from the child. You can deepen your relationship with the sponsored child in different ways. If you approach them without hesitation, you can not only understand their life better but you can also give strength to them with your attention.

Here, we will introduce how you can make your relationship with the children more special.

First, Send a Letter

After joining the sponsorship, you can send a letter to the child via post or email. Write it in Korean or English and either mail it to Dail Foundation or submit it on the website, so that we can send it to the relevant overseas branch and the Dail Foundation staff or volunteer worker will translate the letter in the local language. After translation, the letter is delivered by the sponsorship manager directly to the child, and the delivery can be delayed when the child is absent for a long time because they are visiting hometown, etc. Although the period varies, you can receive a reply from the child in about four to six months, after translation and delivery.

Second, Send a Gift

You can send a gift to the child through the gift

Dail Community delivers
Babfor, Bbangfor,
and donation goods by **kneeling down** and
making eye contact with the children.

money system. When you send a gift directly to the foreign country, there are difficulties such as expensive delivery cost and complex customs, and also it can get lost or damaged during shipping. To prevent these problems, we offer the gift money system, through which we buy and delivery products that are necessary for the child or their family in the country. The gift money system allows the children to receive your gift more easily as well as faster. There are different types of gifts available, such as one for the child, like a bicycle, one for the family, such as rice, and one for the local community such as installing a well. After the gift is delivered to the child through the overseas branch, you will receive a thank-you note from the child or the family.

Third, Visit the Child

You can meet the child you are sponsoring through Dail Vision Trip. By visiting the overseas branch of Dail Community and the child's local community, you will be able to see and experience the living environment of the child. Also, you can personally visit the child on your own. If you apply for a visit two to three months in advance, we will contact the local branch and send you the email address and contact of the local manager. This precious meeting that began with your love and sharing will let you discover priceless, precious value in life, even if it is only for a short time. [DAIL](#)

Mona Thami, living in a slum of Manohara is sponsored by Dail Community's 1:1 child sponsorship. With the precious donation from one of our members, she continued her education and successfully passed SLC (college entrance exam). We are all happy for Mona's success as she is a kind and giving child who volunteers everyday at the Nepal Dail Community Center. Love and attention from our member helped her dream and grow.

Dail wishes that, with your little attention and love, a child's life can become healthy and hopeful, even after the sponsorship ends, you will continue your attention and love, and that these beautiful changes will expand wider and wider.

Letter from Muna Thami

For Dear,
Lee Kyong hee

I have passed my SLC EXamination of
Grade(10) with 76%.
I am very very thankful to you.

I respect you as my parents because you
made my future strong.
My aim is to become a Doctor and serve the
people in the name of Lord.

Now, You are far from me but also you
always will be in my heart.
Take care of your health.

Love you

From your daughter

What is your Dream?

What do you want to be when you grow up?
We often ask this simple question to children,
But some children just have sad eyes without having the answer to the question.
They live in the poor country living without knowing what their dreams are.

They are doing work almost same as adults even though they are small with small hands.

They can't afford to think about their dreams as they are so busy with making one meal a day.

Maybe their dream is 'Coming to Babfor Center' which is the happiest thing for them in their actual life.

Dail wants to help them to have a real dream.
And we want to give you the joy of embracing the child who is growing his dream.

Embracing life can change the world.

You can support 10kg of rice monthly, 1 set of uniform yearly, medical and daily necessity expense, and education and school supplies with only KRW 30,000 per month.

Whatever you did for one of the least of these brothers of mine, you did for me.

Secret of Happiness, Sharing

Although we hear the word 'sharing' so often these days, it is hard to practice 'sharing.' People say it is a virtue not to bother other people while making sure me and my family are healthy and comfortable.

However, here is a man and a school that saves and lives to share.

We met with Giho Kang, director of Theos Middle and High School, who accompanied people in need with Dail Community for the last 27 years.

Giho Kang, Director

Q | Tell us about Theos Middle and High School

Theos Middle and High School is an alternative school. Currently, many problems have been found in the South Korean education system, which demands private education and students are still constrained by grades. Violence at school is another issue. Both verbal and physical violation has become a serious concern in the society. And many students have become addicted to smartphone games.

As a Christian school, Theos Middle and High School was founded to provide a solution to these issues. However, that does not mean we indulge our students. In the enormous group of the youth, our school is an intersection that is armed with the Christian world view so that the children can enter the world. Instead of ranking students based on the grade or scores, we strive to help students discover their talent.

Our mission is to education students so that they love God and worship the world.

Q | We hear you began your donation to Dail on your own. What was your motivation?

I began to donate to Dail since I was in the graduate school, so it was probably more than 25 years ago. When I was a college student, I used to send 10,000 won (\$10) to Kkottongnae which was founded by the priest Wungjin Oh, and it was a fairly large amount of money for me at that time, since I made 100,000 (\$100) to 200,000 won (\$200) per month by doing a part-time job at that time. However, as Jesus said, I wanted to live a life in which I give even a cup of cold water to one of these little ones who is his disciple."I thought I would have another excuse if I decide to begin donating after graduating university and beginning to make regular income. So I decided to start 'small things, now' and have continued so far.

>> Theos students participating in Dail Community volunteer work in Cambodia

Q | Volunteer work must be difficult given the economic recession. What made you able to continue your service?

I don't know. I don't think you share because you are rich. I believe it is important to decide some principles to give. When I make income, I donate 1/10 of it to God, 8/10 to my wife, and 1/10 to others. After working hard for a year and if I have anything left, even if it is a little, I use it all to help others and begin a new year. My purpose is not to save but to give, because I always think of Jesus. He walked the rough road of Galilee without any place to sleep, but he still helped and took care of many people. My motivation is that I want to follow him, even in a small part of my life.

Q | What is your goal?

I want to live a life that helps others live. I hope adolescents and other people who did not have hope find strength and solace from me. I hope to bring smile back to those people. That is my goal in life.

Q | What does sharing mean to you?

To me, sharing is to 'make people feel happy the way they could not when they used to eat alone.' It is not easy to save to share with others, when you share, you can feel happy the way you could not when you eat alone.

Sharing is a miracle. It brings reward and joy to you and miracle to someone else. God does not turn his back against those who share. To me, sharing is, in a way, experiencing the miracle of God. **dajl**

>> Building a classroom for Dail scholarship students.

Do you remember Rom Witda?

Do you remember Rom Witda, who was introduced in the special article in the May/June issue of Dail Community Newsletter, a boy who lives in Cambodia and has a heart disease? Born in 2010 with a congenital heart disease, Rom weighs only 6kg and has never eaten any food since he was born – he is still fed on powdered milk mixed with sugar. A hospital in Siem Reap, his hometown, refuses to treat him, saying there is no hope, but his family cannot afford to find another hospital and he just has to live day by day until he dies

A donation campaign to help him receive surgery in South Korea was conducted via Happy Bean, a donation site of Naver. Employees of Shinhan Bank, who heard of Rom through Happy Bean, donated 8 million won from Shinhan Family's 10,000 Won (\$10) Sharing, which was collected by 10,000 won (\$10) monthly donation from their salary. Thank you for the precious sharing and act of love.

8 million won ^{\$8,000} 
Shinhan Family's 10,000 Won (\$10) Sharing

Thanks to the prayer and attention of many people, we are preparing for Rom's surgery little by little. Although we still need more fund and procedure to undertake until Ron can come to Korea, Dail Community will make utmost effort to save his life.

We are waiting for your prayer and donation.

PLEASE, TAKE CARE OF BABFOR CAMBODIA

Dail Community in Cambodia cooks rice for over 400 children everyday in Phnom Penh and Siem Reap. Babfor prepares more than 10 local dishes preferred by children and changes the menu every day. The meals

that are made with care have been feeding children in slums with the greeting "Akun Preya Yesu (Thank you Jesus)" for 10 years now.

In slums where most people live with only one meal per day, the meal from Babfor is the only food the children have the whole day. For that reason, the staff at Dail Community prepare food as if they are feeding their own family, and go to the market early in the morning to buy the freshest ingredients.

For children who walk barefoot for 30 minutes and more just to have food, those who put all their food into a plastic bag so that they can share with their family, and those who refuse to leave a grain on the plate, Daily Community in Cambodia make and share food every day.

For over 400 children to have a meal, it costs \$350 per day, and it is possible because of people who donate to Cambodia and its children with love. Dail hopes that these children who grow with our food will live a better life and realize their dream in the future.

In Cambodia, where people still suffer from poverty, we hope you will continue sending us your attention and support.

dail

Written and prepared by **_ Sein Ko**, Assist manager Cambodia Dail Community

Cambodian children's **favorite dish** that can be easily made in Korea as well

Cha teu rotso & Bai sach chrouk

Stir-fried cucumber and pork & marinated grilled pork

Ingredients: Pork 200g, 5 mid-sized cucumbers, a little bit of spring onion, 10 garlic cloves, 5 bird's eyes chili, 5 sugar cubes, salt, pepper, oyster sauce, fresh water

Melt the sugar cubes in water. Slice the cucumbers diagonally add 2 spoons of salt and leave it for 10 minutes. Mince the garlic and chili.

Remove blood from the meat by immersing in cold water. Chop it in pieces and marinate it by adding sugar, garlic, 1 spoon of oyster sauce, and 2 spoons of pepper, and leave it in room temperature. (It's matured in room temperature because Babfor doesn't have a fridge).
 *To be used in 4 and 5

Put oil on a pan and stir-fry garlic and chili with a spoon of oyster sauce. Wash the cucumber that has been marinated for 10 minutes, remove water, and then stir-fry with the prepared meat for 1 to 2 minutes. And then add 2 teaspoons of pepper to finish.

Put oil on a pan and fry the marinated meat. Cut it in pieces, and fry it on the heated pan.

Chop the spring onions and sprinkle it over the food.
Today's menu 'Cha teu rotso & Bai sach chrouk'!

The **28th** Christmas Worship of Daily Community at a lower place

- Christmas Worship with neighbors

Glory to the sky, peace to the land

No one should be starving on December 25. For our neighbors who suffer even more in the cold weather, Cheongryangri Babfor Sharing Campaign Headquarters is holding the '28th street worship for Christmas' to make the event even warmer.

Some of our underprivileged neighbors do not receive basic human rights, so we decided to share winter clothes and other articles for them to spend a warm winter.

We hope that, at least this day, they would not spend a lonely and cold Christmas, and we can all celebrate the birth of baby Jesus.

Like Magic or Miracle

Soobin, 2nd grade at OO Elementary School

Review from
Volunteer at
B a b f o r
S h a r i n g
C a m p a i g n
H e a d q u a r t e r s

Hello. I recently watched a very sad advertisement on TV, where a child from a very poor family said to her teacher in small voice "Teacher, Can I take some of the leftover from the school meal and share it with my brother at home?"

It was so sad. I think some people are struggling everyday because they don't have food at home, although we cannot see them very often.

I started doing volunteer work when I was 6. My first volunteer work was to sing a song at a nursing home in the US. I was so nervous to sing in front of grandmas who had blue eyes, and, when I finished the song, they complimented me, saying "Oh, Great! Thank you. Good girl!" I was so happy. Although I didn't

know what volunteer work meant at that time, I realized making other people happy makes you happy.

I am still doing volunteer work in Korea. With my parents, I serve a meal to poor people, with the charity organization Babfor. I put the food on the plate and clean the floor. It's really busy and hard work, but I get energy when I see grandpas and grandmas who come early in the morning to have lunch. I used to be picky about food but, after I started the volunteer work, I am always grateful and finish the food.

Volunteer work makes both you and others happy. It's like a magic and miracle. Try volunteer work for other people.

Then, you will become happy as well

I am thankful that I had this opportunity to volunteer and gain priceless experience.

THE EAST COMMUNITY

Name: Roops **Nationality:** Fiji

During the few days I spent with Cambodia Dail Community, I had the most incredible experience in my life. I realized there are many people who have difficult life and I learned many things. Of course, I have seen and heard about poor people and poor communities from documentary films and books, but, when I actually experienced it, it was beyond my imagination. I am thankful that I had this opportunity to volunteer and gain priceless experience.

Lastly, I am grateful for Cambodia Dail Community for practicing Lord's words and I pray Lord's grace will be with the whole Dail Community and the staff. In the near future, I hope to worship the poor neighbors like Dail Community.

>>> The East Community is the youth department of a full gospel church in Oita, Japan, and went to Cambodia for 5 days for Babfor volunteering and worship service for the local children.

Tanzania Dail Community: **Nicholas, Omari**

Review from
Volunteer at
Tanzania
D a i l
Community

After graduating elementary school, Nicholas and Omari could not go to middle school because of their family's financial circumstances, and just roamed around the quarry in Kunduchi. However, now they are helping younger children as volunteers at Dail Hope Class everyday and also volunteering for Babfor every Saturday.

Nicholas

Hi, my namd is **Nicholas**. First, I would like to thank Dail Community for serving God. Because I love God, I am happy to volunteer at Dail Community and also send my love to Dail Community as they work for God.

Thank you, Lord, for giving me the opportunity to work for Dail Community. From now on, I will worship you and serve you while doing my best at Dail Community.

Also, I will serve people I volunteer with with love. I hope the volunteer work at Dail Community will continue to give me strength. Thank you.

Omari

I am **Omari** Shabini.

First of all, I would like to thank Dail Community for taking care of me and letting me do volunteer.

I have changed through Dail Community. I got to have better attitude and learned how to respect and love others. While volunteering at Dail Community, I have good food, share ideas with my colleagues, and also learn a lot.

Although my family is Islam, I decided to become Christian. Before, I wanted Dail Community to help me, but now I'd like to help them.

Poem that consoles the heart

Writer Roger Pinches**Picked by** Byeol Ellie Choi

>>> Remember - You are Loved

When the road seems too long
When darkness sets in
When everything turns out wrong
And you can't find a friend
Remember- you are loved

When smiles are hard to come by
And you're feeling down
When you spread your wings to fly
And can't get of the ground
Remember- you are loved

When time runs out before
you're through
And it's over before you begin
When little things get to you
And you just can't win
Remember - you are loved

Field Story of Korea and Overseas

PHILIPPINES

Sung Hee Han

Director of the Philippines DAIL Community

A trip to Paradis Zoo

At Philippine Dail Community, we met small animals like sheep, goats, zebras, geese, black pigs, rabbits, and turkeys. Also, we rode tall camels, big buffalo, and camels and took a picture and fed the animals as well. The children were so cute when they were observing the animals even though they were afraid.

After lunch, we played treasure hunt with the children. Both in Korea and Philippine, treasure hunt is the highlight of a picnic, and people look forward to what gift they would receive. Children were so excited and happy to play this game.

After Mr. Rut translated the instruction of the

game in Tagalog, the children went around to look for the number cards and came back, but four of them were unable to find any and began to tear up with disappointment. It was so adorable that we hid four spare cards somewhere so that they could find them. Soon, they lit up and we all counted the numbers out loud. We, and their parents, smiled while watching the children anticipating for their number to be called, even if they all received the same gift. Later, we saw where the bees and butterflies live, while walking down the hill.

The children fell asleep and everyone was happy that day. We hope the children would be as happy as that everyday.

NEPAL

Choi, hong

Director of the Nepal DAIL Community

Share Food First at Christmas Festival

After 10 years, Nepal finally became a nation with constitution. Although the country became a free republic with Hinduism as the state religion and the King as the head of the nation, 10 years ago, the royalists and Hindu extremists wanted to return Nepal to a Hindu county this time, but Nepal chose to be a free republic in the end. India, unhappy with the decision, pressurized Nepal with different measures and finally suspended all supplies to the country. After the great earthquake and landslide caused by flood, the road to China became blocked and Nepal is now in deeper trouble after the suspension from India.

Most cars have stopped on the road due to lack of fuel, and restaurants are closing because they have no gas. Now, water supply has become scarce and people are having difficulty finding water to drink or wash themselves. Most people say they are going through a bigger trouble than they did during the earthquake, but Nepalis say they could simply walk if there was no oil and continue to oppose India.

Although Hinduism is not recognized as a state religion in Nepal, the largest Hindu temple <Pashupatinath Temple> is located in Nepal and 87% of the population follow Hinduism.

They continue to believe in 330 million gods, and that the top caste, Brahmin are right below god. Nonetheless, Nepal Dail Community are preparing for the second Christmas Festival with the residents at the slum, after the first even last year. Despite the pain, fear, and sadness after the earthquake, we hope to share the peace of Jesus with the people.

We hope that you would, like Jesus, who was born in a manger and befriended tax collector and sinners, join our hope to share food and spirit of reconciliation and unity. Save money for a meal and give love through Christmas food in Nepal, and with the money to buy a cup of coffee, you can give a gift to Nepal so that many Nepalis would experience love of God. **DAIL**

NEPAL DAIL Community

CAMBODIA

Hyeonggil Kim

Director of the Cambodia DAIL Community

From Babfor to Kkumfor

Cambodia Dail Community, which began 10 years ago by making rice noodle to starving children, has been providing many services including Bbangfor, Mulfor, clinic, kindergarten, local development project, independence support project, weekend worship, and bible study. And now, finally, we are realizing our mission as a Kkumfor.

We are most grateful for the fact that, after 10 years since we began Babfor, among the children who used to line up to get food, five went to college. And three of them were in the Cambodia Dail Quartet since 2008 and were invited by KBS for a live show in Korea in 2010. Now they were all happy to graduate high school and excited to go to college.

However, the joy did not last for very long. Their parents could barely afford to food for the family and, therefore, refused to send the children to college.

The children did not give up and began to work part-time to go to college. We are proud of these children who did not give up on their dream, but, in Cambodia, you cannot make more than 70 USD per month even if you work really hard. Please send them support and prayer so that they can go to college and realize their dream. 

Cambodia Dail Community

 +855-12-808-861

Letter from Sofia

Dear Pastor Ildo Choi

Hello, Pastor? I am Sofia and I live in Phnom Krom, Siem Reap, Cambodia. Since I was little, I received 1:1 child sponsorship through Dail Community and I graduated high school this year and am even going to university as I have dreamed of. When I was little, I wanted to become a police officer. Like my uncle who is a police officer, I wanted to help people in need. But, after Dail Community came to my village, everything in my life changed. Dail Community shared food with hungry children everyday and treated sick people and even helped children study.

For a long time, I had food from the Cambodia Community and prayed with my friends at Babfor on weekends. And also, I joined the Dail Quartet and learned to sing. I even visited South Korea and KBS, which I didn't even imagine before. I know all of this was thanks to God's grace. I watched Dail Community doing many things to help neighbors in need through Babfor, Daily Angel Hospital, etc. and now I am proud of Dail Community more than ever. Thanks to Pastor, I feel the love of Jesus.

Watching other children who come to Dail Community every day and, especially seeing Dail Angel Clinic, I wanted to become a nurse.

I want to help children and neighbors if I become a nurse. However, my family cannot support me to go to college. But I am not giving up and I pray so that I can study. I will realize my dream so that I can help my neighbors in need. I thank the Lord for loving and accompanying us. Thank you Reverend, and thank you, lord!

>> Health Checkup

TANZANIA

Jongwon Park

Director of the Tanzania DAIL Community

Health Checkup of Students at Hope Class

Most residents at the slum of Kunduchi, where Tanzania Dail Community is based, make a living by breaking stones at a quarry, and, therefore, their health conditions are at risk all the time. The fine dust that is spread around the town every day cause respiratory disease and cold in many children. Added to that, malnutrition and poor environment makes them vulnerable to malaria as well.

Moreover, many local people are exposed to AIDS, which is a serious threat in Africa.

Therefore, Dail Hope Class emphasizes hygiene to children, by teaching them to wash their hands often and brush their teeth after lunch. Children who grow up in poverty-stricken areas do not know how to brush the teeth prop-

erly, because they simply clean them by taking a small branch from a tree. For that reason, Tanzanian children love to brush the teeth.

The staff at Tanzania provide health checkup to test tuberculosis, AIDS, and typhoid. Thankfully, none was found to have AIDS, and three children had typhoid and are now taking medicine.

Please send these children your support and attention so that they can grow healthy and continue to study.

After-School English Class

Mr. Jongho Lee, who is working as the Cooperation Director at US Dail Community, came as a cooperating missionary and began to teach English to students at the after-school English class. He selected to teach 22 students, and they are all very enthusiastic. However, unfortunately, Missionary Lee have finished his 6-month service and is returning to the US on December 12. We are praying to find a short-term missionary to continue teaching the children after Missionary Lee's departure. If you are willing to provide service at Tanzania Dail Community for 6 months or longer, please contact Dail Foundation in Korea (+82-2-2212-8004), US Daily Community (+1-770-813-0899), or Tanzania Dail Community (+255-755-154-246). **dail**

VIETNAM

Aeri Lee

Director of the Vietnam DAIL Community

As the Korean saying goes, 'Just be like Chuseok,' the autumn is the season of abundance and even fills the heart of people. We would like to let you know the series of warm hands that touched Vietnam Dail Community.

The first is Lotteria, which is loved by everyone. For Chuseok, Lotteria donated vouchers, with which we bought hamburgers and chickens and visited an orphanage in Cu Chi, Agape Church in Binh Chanh, and Heungwa Bin Babfor, to share the food with children and the elderly and spend a happy Chuseok together.

We are happy because we are together.

We look forward to tomorrow because we are together.

While Korea has 'songpyeon', Vietnam has the moon cake, which is called Banh Trung Thu in Vietnamese, meaning 'a cake you eat in the middle of fall.' In Vietnam, the custom of Chuseok encourages people to share food and gifts with children. Aware of this local cus-

tom, Chamjoeun Gwangseong Church invited 120 children who eat at Babfor and those who live around the town and shared moon cakes during the holiday.

Vietnam Dail Community is receiving constant help from different hands: Chamjoeun Gwangseong Church helps us with meal costs and volunteer work on the fourth Saturday of every month, while Saigon Dream Church helps us on the first Wednesday of every month. Thanks to them, we could donate moon cakes to Babfor and Agape Church in Binh Chanh.

Just like the name 'moon cake,' we shared it with neighbors like moonlight during the Vietnamese Chuseok. We are happy to delivery the news of love to Korea and even to Africa.

Sharing Every Day by Choice

It is not only the food that has been shared in Vietnam, and now even medical sharing has reached residents of the forest protection area in Can Gio, where there is no sufficient medical supplies.

Most households in this area take care of trees, and 143 families live in a remote place that takes

>> Cu Chi Orphanage_ children excited to have hamburgers and gifts

>> Agape Church_ Children showing gratitude to Saigon Dream Church after receiving moon cakes

about 20 minutes by boat. Due to the nature of forest protection areas, there are many difficulties the residents have to endure everyday, such as lack of basic water supply and sewage facilities and medical facilities. Residents in this area use rainwater or water supplied from the land. However, they do not have proper purification facility and, therefore, are susceptible to stomachache and other health issues.

>> Medical service in Can Gio _ Examination

After hearing about the story of residents in the forest protection area in Can Gio, Thanh Cong, one of the top corporations in Vietnam, launched 'Happiness Sharing Medical' project in the region and provided medical service and supplies to over 200 residents.

The residents in the forest protection area can now enjoy medical care and better health thanks to Thanh Cong that help us with meal costs and volunteering on the first Friday every month, and the company's Thanh Cong Hospital.

U.S.

Gwoon Kim

Manager of US Dail Community

A Letter Filled with Love

On the first day of October, two letters filled with love arrived at the US Dail Community. The first letter was sent by Taek Sung, who is sponsoring Lyza Fiona in Philippines through the US Dail Community, and he sends Christmas letters and gifts every year for the sponsored child. This year, again, he sent a letter and Christmas gift money filled with love, asking us to deliver them to the child before Christmas.

The letter included his family photo that he took with his grandchildren.

The second letter was sent by a sponsor who, also, sends us a letter and donation for our neighbors in need. She turned 80 this year and is living alone in a senior apartment. Despite her financial difficulties, she sends us the money she saved and asks us to use it for service of the US Dail Community. Despite our sincere request, she decided to remain anonymous and asked us not to reveal the letter. The two letters that arrived at the US Dail Community today touched the heart of the staff. Thanks to love from these contributors who give help without any reward, the US Dail Community is continuing its service today.

Four Graduates

Last September, a farewell party was held to celebrate departure of young men who grew up at China Dail Community. Although it is always sad to say bye, we are so happy to see these young men who grew up so well. Yao Chuang and Wang Fiber became a hairdresser, Wangha Itagoh a baker, and Maie graduated from the Changsha Engineering College and is now preparing to study in the US. We celebrate and anticipate the future of these four people!

* We would like to express our deepest gratitude to Professor Junyoung Cho at Kangnam University and Deacon Jihyeon Hwang who run Yeun Piano in Cheonan who sponsored their rent for six months.

>> Four Dail graduates

Hyeoncheol Kim, Director of Living Well Dental Clinic, Spent Chuseok with US

This year, we spent our Chuseok with the volunteer team from Living Well Dental Clinic, Ilsan. According to the custom in The North-eastern China, where Chuseok is spent simply by sharing moon cakes, the staff at China Dail Community also spent the morning of Chuseok enjoying moon cakes together. Since 2011, the director, Hyeoncheol Kim, and volunteer team of Living Well Dental Clinic visit us in Hunchun every six months, and serve the Dail Kindergarten and local neighbors. Now they

work with local dental clinics and dentists who were touched by their service. It is a beautiful and precious cooperation.

Mosaic Church's Visit (head reverend Jongguen Park)

Reverend Jongguen Park and members of Mosaic Church, who always come to see us each time they visit China, again, visited and made donations for us. This year, they also donated many winter jackets as gifts, which made many local high school and college students smile. Thank you!

Regular Volunteering at Emin Nursing Home

After deciding to do volunteer work every three month with China Dail Community, I began volunteering at a nursing home from last spring. And one day, I received a call from the nursing home that they needed to dig up potatoes that were grown by the seniors at the nursing home, before it starts to rain. So I rushed to the nursing home early in the morning and helped harvest potatoes. We worked very fast so that we finish harvesting before the rain comes, and I watched the children who were working seriously and realized love is something you learn by practicing. Although we were all wet with rain as we carry the potatoes to the storage, the children were smiling brightly and the corns cooked by the senior women at the nursing home for us were more delicious than ever. **dail**

DAIL ANGEL HOSPITAL DAIL LITTLE HEAVEN

Jeongsun Lim

Director of Dail Small Heaven

Can We Bring Back the Old Days?

Born in Yaecheon, Gyeongsangbukdo, Korea, Mr. Ryu is almost 60. While raising a family like most people, three years ago, he had cerebral infarction, which left him paralyzed on the right side and verbally-impaired. Although different symptoms are found according to the lesion in the brain, cerebral infarction shows symptoms such as motor paralysis, dysesthesia, and aphasia, and Mr. Ryu cannot use his right arm and cannot speak or communicate. He ran away from home because he did not want to cause any burden on the family.

After roaming around for a while, he began to live on the street and eat at Dail Babfor Sharing Campaign Headquarters. His health conditions became worse and he had been treated at Dail Angel Hospital until he came to us in October 2014 and began to live here with the care of Dail staff. At the time when he came to us, his resident registration and, therefore, national health insurance, was canceled. However Dail little Heaven took care of the administrative procedure to recover his resident registration and national health insurance.

While living on the street, he used to drink and smoke to forget about his loneliness and sadness. But now, with the help of Dail staff and his determination, he stopped drinking and smoking and became much healthier. "If only I could go back to the days before I became paralyzed." He used to regret in despair, but now

he is trying to recover his health by constantly moving his body and activating the brain cells. For this resident who show strong determination for rehabilitation, Dail little Heaven looked for a way to help him and found a special rehabilitation program run by Seoul Metropolitan Government, 'Laundry Helper,' which provides 380,000 KRW monthly salary, and now he is attending speech therapy and writing class once per week and also makes effort to speak again.

For Mr. Ryu who needs urgent rehabilitation for his body that is gradually becoming paralyzed, Dail little Heaven applied for the July Happiness Stock Exchange organized by Community Chest of Love, and he is now receiving treatment from October.

As the patient has difficulty with moving, he was hospitalized at Brain Rehabilitation Convalescent Hospital to receive more specialized rehabilitation and cognitive and speech therapy for six months. Although it takes a long time until his body fully recovers, this treatment can prevent his conditions from becoming worse.

Please send your support and prayer so that his body can recover with our love and hope. **DAIL**

>> Mr. Ryu receiving consultation from the doctor for rehabilitation therapy

BABFOR

Ji Hyun Lee

Director of Babfor Sharing Campaign
headquarters

The miracle of over 7 million portions of meals over the last 27 years was possible thanks to the small bags of rice brought by student volunteers who came to Babfor, an angelic donator who came with a truck full of cabbages when the cabbage price was so high, Gyeongheung Farm in Jeju who send us 50 boxes of tangerines for the seniors at Babfor every winter, and all the hidden donators who help us invisibly. Thanks to them, the seniors at Babfor can enjoy a warm meal today.

Like the adage “giving your time to someone is like giving a part of your life,” volunteers at Babfor share part of their life with others.

Deacon Hwaja Lim, who is the president of Okhap Missionary Society, has been a volunteer at Babfor since 2007. A few years ago, she suffered general paralysis and even the doctor said, “There is nothing we can do. Let’s just accept it.” However, she prayed sincerely to re-

store the strength to serve until miraculously recovered and came back to Babfor. However, recently, she was diagnosed with colorectal cancer and is now paying so that her illness will be removed like with an eraser. Even after these two crises, she still sews Babfor aprons with a peaceful look on her face.

Deacon Lim helps her neighbors and shares what she has with them. We are ever so grateful while watching her stitching the aprons wearing her magnifying glasses.

>> Deacon Hwaja Lim of Okhap Missionary Society repairing Babfor aprons.

People are busy with their lives and some even laugh at those who devote themselves to helping others without receiving any reward. However, this world is still beautiful and livable thanks to those who foolishly devote themselves to the rest of the world.

This world will become a happier place if there were more people like Mr. Gyeonghee Lee, Deacon Hwaja Lim, and other volunteers and donators. We invite you to become foolish this way and make the world a beautiful place!

The US Ambassador Mr. Lippert Visits Babfor, "Let's go together!"

The US Ambassador Mr. Lippert came to Babfor as a volunteer.

Wearing a Babfor apron, he smiled at and greeted each senior, saying "Let's go together!" and all the seniors and other homeless people responded, saying "You are the best ambassador we had, Mr. Lippert!"

He said he wished he could stay longer and was moved by how we are serving our neighbors in need, and constantly said "Thank you!"

Lastly, before he left, he participated in "Rice Pot Relay" and said in Korean "We need to go together. Let's go together!" An everyone began to applaud.

Despite the scar from the terrorist attack on his face, he still says we should go together and everyone at Babfor responded to him.

"Let's make a beautiful world where we can all live together. Let's go together!"

>> Volunteering at Babfor

>> Ambassador Lippert shaking hands with Mr. Jin Choi

>> Ambassador Lippert talking about his experience at Babfor

>> The kitchen filled with Babfor volunteers from UMC

**“Let us see each other again soon,
UMC people!”**

Every fall, there are followers of the Methodist church who come from the US to Babfor and Dail Angel Hospital in Korea for volunteer work and trip.

They are Director Youngjin Cho and members of United Methodist Church (UMC), Virginia, US. There are some people who we saw last year, but most of them never visited Korea before.

Our kitchen was full as director Cho and 33 American reverends came in. Although there are many places they could visit in Korea, they have been visiting us for the last four years as Babfor and Angel Hospital is a miracle of sharing and service.

During the Q&A session about Dail Community's service, the reverends had so many questions and showed special interest in how Dail

practice gospel in life rather than simply in words. The spirit of Dail, “Start now, here, from small things, with what we can do,” seemed to have motivated many of the visitors.

As we said “See you again,” they responded in Korean “Let us see each other again” and it was hard to say bye to them. We look forward to seeing you next year after we strive for service in our own countries.

Celebrating the 900th Franchise Store of Hosigi Chicken

Celebrating opening of the 900th franchise store of Hosigi Chicken, the company donated 900 bags of rice to Babfor. It was a happy day to celebrate and the message of the company's president Hosig Choi that the company wish other companies would also actively join Dail's sharing movement touched our heart. Mr. Choi's management philosophy is 'coexistence management and customer satisfaction,' and now he is practicing sharing as part of social contribution of his company. On October 28 last year, also, he donated 800 bags of rice to us, celebrating the 800th franchise store, and he promised to donate the rice with every 100 new franchise stores and will come to visit Babfor for the 1000th store as well. Moreover, the rice that was donated this day was newly refined rice from Uiseong, Gyeongsangbukdo, and we could cook with the top-class rice that was refined the day before for our neighbors

in need. After serving fried chicken and rice to the seniors and homeless people, Mr. Choi said, "All companies must reflect on the meaning of coexistence and return the love from customers back to the society. We will continue our sharing and communicate with the underprivileged neighbors to share their joy and sorrow."

We would like to express our gratitude toward Mr. Choi, who wishes to grow trust and modesty for his company and love and sharing with his staff, and Hosigi Chicken. **dail**

Babfor Sharing Movement

+82-2-2214-0365

I . am . a . happy . volunteer

Babfor

Jeju Seongan Church | The middle school unit of Seongan Church, Jeju Island, came to Seoul for vision trip and visited Babfor. This was their 4th visit and they learned the attitude of sharing and service during the important period when they were to decide the direction of vision. We are grateful for their help as they travel a long distance to help Babfor every year. We look forward to seeing your spiritual growth every year!

Hanil E-hwa | Hanil E-hwa is Babfor's family who provide regular volunteer work every month. This time, the vice president's young daughter joined the volunteer work. We were not sure if the young girl could manage the hard work, but we were impressed with how she was committed from the beginning till the end. Also, when Babfor was worried about lack of rice donation, Hanil E-hwa donated a staggering 1,000kg of rice, which filled our hearts with gratitude. We love you and thank you, Hanil E-hwa. We hope you will accompany us with the same love and attention.

Biotronik | It's been already four years since Biotronik's staff are accompanying us. They help us each quarter, and this day, the president of the company came to visit and help the staff. We were deeply moved by their effort. Given his service and voice, it seemed like he could even run for an election! :) We hope you will stay with us for a long time!

Rotary Club | The members of Rotary Club, including the director Chungsik Jang, president Myeongsu Lee, and manager Insu Kim, showed genuine service with pure intention. Each one of them looked happy while serving the seniors. Only those who shared know the true joy and happiness of sharing. They say, "we came to share but we gained something." Let us continue sharing and serving with the slogan in mind, "Start from now, here, from small things, with what we can do."

VIETNAM

POSCO VHPC | The POSCO-VHPC (Vietnam Hochiminh Processing Center), which became a global processing company, is leading both the industry and making the world a happier place. To share love and joy and make this world a better place, they prepare and serve delicious food on the fourth Tuesday of every month. POSCO VHPC's infinite sharing will continue!

VEGAS | VEGAS does not hesitate when it comes to helping Babfor. They come to energize Babfor on the Thursday of every month. Last New Year's, they came with rice and various seasonings to make the seniors at Babfor happy, while, June 2, on the Children's Day, they gave children at Babfor cookies, notebooks, and pencils as gifts. We see once again how 'small things' can make you happy.

USA

You can become a volunteer too | From two weeks ago, Keyleigh Kang is volunteering at the US Dail Community. After school, she comes with her mother to clean the offices everyday. Our office looks so much cleaner now and we feel refreshed by her service. We would like to express our gratitude toward Keyleigh for her dedicated volunteer service! We love you!

CAMBODIA

Phnom Penh Jaeil Church | Phnum Penh Jaeil Church visits Babfor regularly to serve the children, as well as give them new haircut and wash their hair. And, each time, they bring and share cookies and snack with them, along with a delicious meal. Thank you for your sharing of love and warm heart.

The East Communication | The East Community is the youth unit of the Oita Full Gospel Church, Japan, and the youth from eight countries (Bosnia, Saipan, Indonesia, Japan, Tonga, Fiji, Korea, Australia) served children at Cambodia Dail Community for 5 days through Babfor and worship service. They shared warm launch with over 300 children in Tsuruk Bueok, a town of landmine victims. We will remember your service every day.

Heart-warming story of Dail community is about to begun

Dail Community was originated in 1988 from Babsang community for poor and isolated people such as the elderly with no one to rely on or homeless. 'Love for the neighbors' spread from Babfor in Cheongnyangni is now taking the lead in practicing the love by helping the poor, sponsoring children or educating in 17 branches in 10 different countries.

Where charity and love are,
 God is there

사랑의 나눔 있는 곳에
 하나님께서 계시도다!
