## Greeting for the Summer

We're halfway through 2016 and summer is upon us once again. As we greet this season of vitality and abundance, we hope that joy and peace will be even more abundant in the lives of you and your family.

In May, I visited the U.S for the New Jersey Spiritual Training for the first time in 5 years. There I met a sponsor who poured out a blessing for Dail Community.

The sponsor works hard every day and had saved up a sum of money to support the Nepal earthquake relief last year. The sponsor once again saved up a significant amount this year and delivered it to Nepal Dail Community with a joyful heart. The sponsor wished to remain anonymous in their continued support of Dail. The sponsor's humility and willingness to serve really touched my heart.

I would like to take this opportunity to express my gratitude to all the sponsors from around the world. It is because of your willing support that Dail Community has remained in operation for the past 28 years.

Dail Community began a street campaign last month for the residents of Seoul. The campaign was intended for those who have the heart to help out but never had the opportunity. All of our staff and employees went out into the streets to meet people and introduce Dail Community and encourage them to participate.

Just as candlelight comes together to illuminate the darkness, the world will become brighter when each and every one of our sponsors come together.

Dail Community will continue to work together with our sponsors to make the world more beautiful in the latter half of 2016, and also to bring happiness to people all around us.

It's all because of you! Thank you!

We love you! We bless you!

It's a beautiful world!

Sincerely,  
Il-do Choi, the little brother.

Blessed to serve, 20 years of sharing  
 Meet our  
 honorary  
 ambassador  
 Sangwon Park!

Special Report : Actor Sangwon Park

Sangwon Park made his theatrical debut in 'Jesus Christ Superstar' in 1979. Since then, he has appeared in some of the most successful Korean TV dramas including 'Human Market,' 'Eyes of Dawn,' 'First Love,' 'The Hour Glass,' etc.

He became acquainted with Dail in 1996, and this marks his 20th year of serving as Dail's honorary ambassador.

I am in debt to the world for all the love and attention that I've received

It is a blessing to serve. Greater joy returns when you give.

Candlelight shines brighter when it is divided...

Sangwon Park started that he decided to serve as an honorary ambassador because he wanted to return the love that he received through his acting career. He enlisted as a member of the Dail Honors, and he expressed his aspirations for the proliferation of a culture of sharing in Korea by forming a mature culture of giving, and encouraging people from stable social classes to return what they've received from society.

Sangwon Park is an honorary ambassador of not only Dail, but also World Vision, KMDF, KOICA, and various other NGOs, and he is actively involved in various campaigns including 1:1 child sponsorships, donations and giving, etc. He started that his service does not end at the point of giving; he is rather fulfilled and satisfied during the process of serving. He added that he has been able to continue to serve over all these years because he experiences greater joy through giving.

'Candlelight' is not snuffed when it is divided; it rather becomes bigger and brighter. Sangwon Park likes giving and sharing to 'candlelight.'

Let's hear what he has to say about giving and sharing.

Together with the children at Tanzania  
Dail community's Babfor Center

Babfor service at Cambodia Dail community

With the children of Uganda Dail Community at the establishing service

**Q1** It's been 20 years since you began as the honorary Dail Community. What motivated you to serve in the first place?

I am currently an honorary ambassador for Dail, as well as for KMDF, World Vision, KOICA (Korea International Cooperation Agency). It was the love that I received from my fans that motivated me to take on such responsibilities. I try to always keep in mind that 'I am in debt to the world for all the love that I've received.' Because I received such great love as an actor, I decided to share and give in return for the love that I've received.

**Q2** It is very difficult to do one thing steadily. How have you been able to serve others for the past 20 years?

If serving others is simply giving or sharing something that is mine with others, I wouldn't have been able to do it for 20 years. During the time when I first began serving, people generally thought of serving as giving something to others. But after some time, I realized that I gain much more through giving. I experienced greater joy and a sense of reward in return for the service that I provided. There are many values in life, and the values that I experienced through serving were very worthwhile. I think that I was able to continue serving because of what I gained in return for serving others.

**Q3** You are involved in multiple NGO services. What exactly do you do at Dail Community?

Currently, we are reaching out to children and making relationships through 1:1 child sponsorship programs and campaigns such as '10,000 Won Happiness' at Dail. I also visit Tanzania, Cambodia, and other overseas countries with established sponsorships to help them and provide services. In 2009, I visited the Dail community in Hunchun, China, to donate a library for the neglected people in the region. Furthermore, I am responsible for attending various events hosted by Dail Community such as 'Christmas Worship in the Streets,' 'Dail Community 7 Million Babfor Sharing Celebration,' 'Pum Dail,' etc. to introduce Dail Community's ministries.

**Q4** What was the most memorable moment that you've experienced while serving?

I went on a trip to Ethiopia during the summer of 2011. Ethiopia fought in the 6.25 Korean War alongside our troops. I met the Ethiopian veterans who fought in the war, and I still vividly remember the horrible living conditions of their houses. The roofs and walls of the houses were nearly non-existent, and they didn't even have a proper washroom. Also, the drought in the region led to a serious lack of water, which makes the people vulnerable to various diseases and illnesses. But they still proudly wore the merits and medals that they received after the war, and it brought tears to my eyes. It was an honor to have been given the opportunity to serve the country and people who've risked their lives to save ours.

**Q5** You've been involved in numerous services and activities for an extensive period of time. Have you ever experienced any difficulties? If so, how did you overcome them?

It would be a lie to say that I didn't experience any difficulties. Because I am a 'celebrity,' there are many cases where I am invited only to places and events where I am treated 'properly.' There are numerous other volunteers who work hard with all they have, and the fact that I get treated differently because I am a 'celebrity' really bothered me. But someone said this to me: 'It's not something that you can do anything about. Give your best in all circumstances that you find yourself in at all times. If someone needs your help, and you're able to help, take the opportunity to serve. What's important is that you are willing and able to help and serve.' After hearing this, I was relieved of my concerns and contemplations.

Hand washing education at Tanzania Dail Community

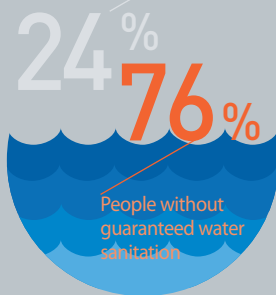

# Water and Sanitation

'Early summer heat is catching women off guard... What's your strategy to get in shape for summer?' 'Healthy and Lean Body Project for the Summer Season' 'Get fit and improve your skin tone for the summer, all in one place...'. These are some examples of advertisements and newspaper articles as the summer season approaches. TV programs are flooded with images of healthy and fit people to promote various effective weight-loss methods. It seems as if all of the attention of people living in Korea is focused on 'how to look great for the summer.'

However, the hot summer heat is raising different concerns on the other side of the planet. Tanzania is located in the eastern part of the Dark Continent, Africa. Tanzania Dail community was established merely four years ago, but Dail has been busy with various sharing and giving ministries. Despite our efforts, water is drying up due to the heat, and the little water that remains is susceptible to bacterial growth. Poor sanitary conditions are causing many people to suffer from various diseases and illnesses.

People with guaranteed water sanitation

### Helpless against risk of waterborne epidemic due to poor sanitary conditions!

Only 24% of the Tanzanian population has access to clean water. Regardless of the fact that the recommended daily amount of drinking water is 2-4L, as much as 76% of the population do not have access to a clean source. As a result, many people are left helpless against the risk of waterborne epidemics, such as bacillary dysentery, typhoid fever, cholera, etc. According to the WHO, the number of cholera patients in Tanzania over a period of 3 months from August of 2015 was 9,871 persons, of which 150 died due to the illness. Most people have weak immune systems due to malnutrition, and they are vulnerable to rapid spread of waterborne epidemics due to the poor sanitary conditions. It is a very sad fact that the majority of the deaths occur in children under 5 years of age.

### 'Lack of awareness concerning cleanliness.' It is crucial to deal with the root of the problem...

The amount of germs that grow after 3 hours without washing your hands reaches 26,000!

Simply washing your hands can prevent 70% of illnesses. This is also true for unsanitary environments; keeping your hands clean can prevent 50-70% of waterborne epidemics. However, most people in developing countries are not generally aware of the importance of hygiene or cleanliness; they eat without washing their hands, rarely brush their teeth, and do not mind the swarms of flies around them.

Currently, many countries in the world are implementing various projects and businesses to provide water pumps, tanks, wells, and water purification systems in Africa. As a result, such projects and businesses will increase the number of people with access to clean water, and also allow them to be free from illnesses. However, there is something that must be provided on top of supplying safe and clean drinking water. It is more important to raise awareness of the importance of hygiene and cleanliness. It is the people's responsibility to use clean water, and also to maintain and manage the facilities. If we fail to raise the awareness of the importance of hygiene and cleanliness, it is difficult to anticipate significant change.

### Dail Community's Hygiene Improvement Project

Hand washing prior to eating

Clipping fingernails and toenails

Brushing teeth before sleeping

Cleaning the surrounding environment

### Consistent Effort to Raise Awareness! 'Dail Community's Hygiene Improvement Project'

Tanzania Dail Community is implementing health and hygiene education, such as 'hand washing before eating,' 'fingernail and toenail clipping,' 'cleaning the surrounding environment,' etc., in order to help the local residents develop a proper understanding of hygiene and sanitation. This education program began in 2012 when the Tanzania Dail Community was established. It's already been 4 years! There weren't any noticeable changes at first, but as a result of consistent education and training, the local residents are capable of washing their own hands before eating and clipping their fingernails and toenails.

Furthermore, we are engaging in various other activities for the local residents including provision of anthelmintic to treat parasitic infections, as well as provision of mosquito nets to prevent malaria. All of these projects are implemented as part of a project to help the citizens of Tanzania to become independent and also to improve their health and sanitation.

During the time of the Korean War, Korea received a great deal of support from many foreign countries. However, in just half a century, Korea has become a country that 'gives' support rather than 'receives' support.

There is nothing wrong with looking great for the hot summer season, but why don't we take a moment to think about those people who are suffering what our people have suffered in the past? We hope that all of the people of our country can remember the valuable support that we've received in the past so that many more NGOs can sustain relief and support activities to share love and support for the people in developing countries.

## What is your Dream?

What do you want to be when you grow up?

We often ask this simple question to children.

But some children just have sad eyes without having the answer to the question.

They live in the poor country living without knowing what their dreams are.

They are doing work almost same as adults even though they are small with small hands.

They can't afford to think about their dreams as they are so busy with making one meal a day.

Maybe their dream is 'Coming to Babfor Center' which is the happiest thing for them in their actual life.

Dail wants to help them to have a real dream.

And we want to give you the joy of embracing the child who is growing his dream.

## Embracing life can change the world.

You can support 10kg of rice monthly, 1 set of uniform yearly, medical and daily necessity expense, and education and school supplies with only \$ 300 per month.

Whatever you did for one of the least of these brothers of mine, you did for me.

Matthew 25:40

1:1 Overseas Child Sponsorship

## Dail Community of Vietnam

# Vietnam Dail Vision Center Project

Vietnam

Vietnam is located on the eastern part of the Indochina Peninsula. It is proximal to China to the north, and Laos and Cambodia to the west. Vietnam's total surface area is approximately 1.5 times greater than the Korean Peninsula, and it is known as one of the major rice farming nations near the Red River to the north and the Mekong River to the south.

Since Northern Vietnam's communist regime occupied Saigon in 1975, Vietnam is currently unified as a socialistic republic nation. Vietnam has achieved consistent economical growth since 1986 through reformations and open-door policies. However, the rate of population migration from undeveloped farming regions to major cities has increased significantly, and as a result, the regional gap between the rich and the poor has also increased.

Dail Community of Vietnam

Pastor Il Do Choi, the founder of Dail Community, established Dail Community of Vietnam in June of 2002 with an objective to protect and help the sick and the poor by donating the full amount of a prize that he was awarded from Allianz Life Insurance.

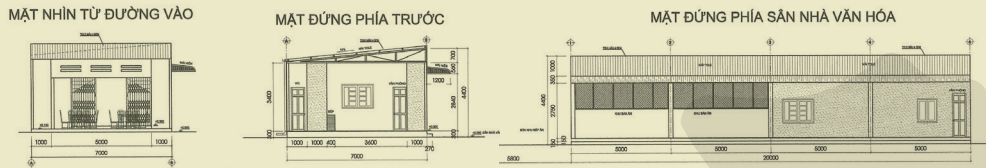

It first began by providing free meals at GiaDinh Hospital and Am Hospital in Ho Chi Minh City, which were appointed by the Vietnamese government. In August of 2010, Dail acquired an official NGO permit from the Vietnamese government. Since then, Dail has been providing free meals and daily supplies to orphans, widows, seniors living alone, visually impaired, and physically disabled in BinhHeungHwa village in the BinhThanh district.

Beneficiary Area

Dail Vision Center is scheduled for construction in Tan Huong village, District 7 of Ho Chi Minh City, Vietnam. The majority of the residents of this district make a living by selling lottery tickets or working as a day laborer. Most residents are socially neglected and live in poverty. They do not receive any social benefits. Many of them are either disabled, seniors who live alone, or children from broken families. Support for these residents is in urgent need.

Vision Center Construction Overview

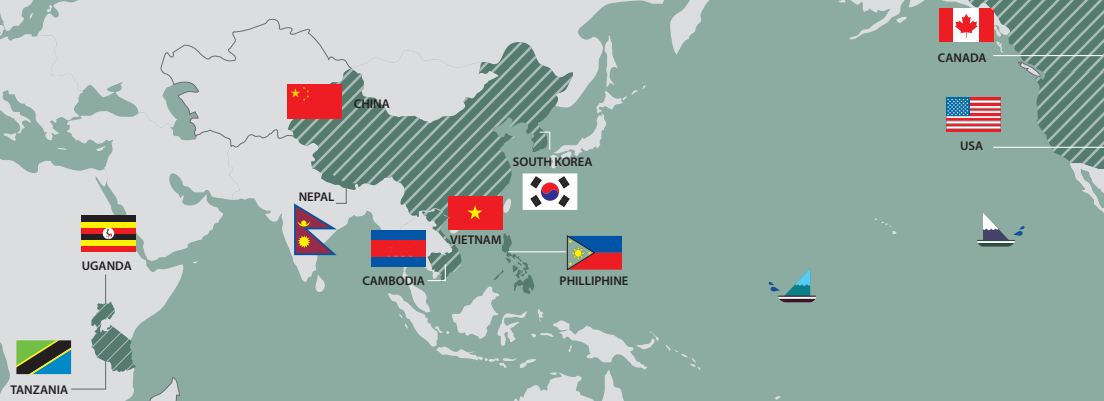

Dail has been working together with the Red Cross in Vietnam. Red Cross donated a venue used for cultural events and conferences in Ho Chi Minh City, District 7. Plans are in the making to remodel the existing building to newly establish the Dail Vision Center, through which free meals (Babfor, Bbangfor) and educational programs (after school classes, baking classes) will be provided.

Dail Vision Center will be used as a place for providing safe and nutritious meals to the disabled, seniors who live alone, and children from broken families. Also, it will be used as an educational facility for children to develop their dreams. Furthermore, it will be used as a local community welfare center for the local residents.

We are sincerely asking for your interest, prayers, and support for construction needs, equipment and materials.

- **Construction**                      December 2016 (Scheduled)
- **Construction budget**              \$50,000
- **Region**                                  Ho Chi Minh City, District 7
- **Beneficiary**                              Children from broken homes, disabled, and those socially neglected in Ho Chi Minh City, District 7
- **Major Projects**
  - Free meals – Free meals for 120 people, 5 times per week (Babfor/Bbangfor)
  - Anthelmintic, nutrition supplements provision – Improve nutrition for residents by providing anthelmintic and nutrition supplements to local residents
  - Educational support – After school programs (English, Korean, arts and Phys. Ed. activities. etc.) and independence development training (baking classes) led by volunteers at the newly constructed center

## Story from the field

### NEPAL

**Choi, hong**

Director of the Nepal Dail Community

### The Treasures of Nepal Dail Community, Youth Volunteers

It's been almost 2 years since I came to Nepal. Although it was exhausting when I first came here, my heart desired to love this country and its people. I also promised to myself to 'not try to judge or teach anyone based on what I've seen and heard.' However, some time passed and I voluntarily decided to play the role of an antagonistic director because I thought, in the long run, it would be more beneficial to the people to help them gradually become independent rather than simply 'spoon-feeding' them everything that they need.

So, since then, I encouraged the children to read the Bible at the end of each day, and set aside a day during the week for the children

to receive discipleship training in order to strengthen the competence of our staff members so that they can become leaders who are prepared for any situation or circumstance.

I wanted the children to discover their identities and their capabilities on their own through the living word of God. I also hoped for the children to believe 'I can do everything in Him who gives me strength,' just as the apostle Paul declared.

Thus, I am training youth volunteers to become disciples of Jesus Christ so that they can carry on the current ministries. Select youths who have completed the National Qualification Exam and who are advancing to grade 11 and 12 are assigned to internship training in the kitchen or classrooms to assist the staff members.

Furthermore, some of our youth who desire to pursue further education are sent to universities in Korea, and we also provide support for them to attend the Dail Community DTS program. The children are also fluent in Korean and English, and we anticipate that they will grow into competent workers who will contribute to creating a more beautiful world through sharing, serving, reconciliation, and harmony. I truly hope that all of our youth can devote themselves as servants in the world.

Currently, roughly 40 youth from Nepal Dail Community are volunteers for the 'Babfor' program; they help prepare the food, distribute it,

and clean the dishes to serve the community. These children have taken their first step toward living a life of servanthood, and they are consistently trained through worship, praise, and body worship. Our precious youth at Nepal Dail Community advance into what is called a Plus 2 program, which can be considered a preliminary college program, after completing the grade-10 foundational education curriculum. However, the tuition is quite burdensome for children from low-income families, and we wish to provide scholarships for such children. Please pray for all of us at Nepal Dail Community so that our youth can develop and grow into pillars of Nepal in the future!

USA Dail Community Director

### 17th New Jersey Dail Spiritual Training Camp

Dail Spiritual Training Camp was held at Newton Retreat Center in New Jersey from May 23rd to 27th. The previous camp was held in Chicago 2 years ago, and it's been 5 years since it was last held in New Jersey. Our friends residing in New Jersey and New York who aspire toward a beautiful world, as well as other people who wished to attend the spiritual training camp gathered together for this event. There were some difficulties, but we were able to reap valuable and precious results.

Many of those who attended the camp were experiencing personal difficulties in their lives. Regardless of their difficulties, they were eager to participate in the camp programs. The willing hearts of the participants, the service

of our helpers, and Pastor Ildo Choi's devoted service created a synergy effect that produced unexpected results. People with broken relationships with family, friends, and even God experienced healing and restoration. They were able to forgive the people who hurt them, and they even prayed for God's blessing on them. They were able to forgive those who slandered them, to understand their situations, and sympathize with them. People who felt uncomfortable in the church began to develop a heart of worship. People who neglected God restored the love of God in their hearts and repented with tears to return to God. They said that God's word is as sweet as honey, and their praises became a sweet rain of God's grace.

Our friends who discovered a beautiful world are already looking forward to the 18th spiritual training camp in the USA. So we have begun praying for it.

We hope and pray that all of our friends who discovered a beautiful world through the 17th spiritual training camp can continue to exclaim and confess that all blessings are through the grace of God to live happier lives.

**Beautiful Ministries at New Jersey Presbyterian Church and New York Moakyang Presbyterian Church**

After last year's earthquake in Nepal, Pastor Ildo Choi began earthquake relief activities in Nepal. Then, he toured the eastern USA to raise support for Nepal. A year has passed since then, and we've successfully completed the 17th Dail Spiritual Training Camp. After the camp was over, we held a meeting with New Jersey Presbyterian Church (Sr. Pastor Do wan Kim) and New York Moakyang Presbyterian Church (Sr. Pastor Byung Ki Song) to present a report on the Nepal earthquake relief ministry activities.

New Jersey Presbyterian Church delivered over \$10,000 in relief funds, which were used to build an orphanage facility for 40 children in the Sindhupalchowk District, which suffered severe damage due to the earthquake. Moakyang Presbyterian Church also delivered over \$10,000 in relief funds, which were used to rebuild the Hosanna Church in Sindhupalchowk District. The funds were also used to restore

other church facilities.

Pastor Byung Ki Song from Moakyang Presbyterian Church will be attending the Hosanna Church dedication ceremony in October. He is already raising funds to purchase gifts for the church members and local residents.

We would like to extend our sincere gratitude to the members of New Jersey Presbyterian Church and New York Moakyang Presbyterian Church for their contributions to enlarge the kingdom of God. **dail**

Youths from Canada

### Youths from Canada

Pastor Chang Min Byun and brother Sung Hoon Park from Toronto Korean Central Presbyterian Church visited Uganda to serve at Uganda Dail Community. The children were excited to meet them. They visited us during the rainy season and it rained every time they went out for their ministry activities. They saw how the children were shivering in the cold with just thin layers of school uniforms. When they returned to Canada, they began to receive sweaters to donate to our children. The members of Toronto Korean Central Presbyterian Church donated 200 NEW sweaters to give to our children at Uganda

Presenting class photos

Dail Community.

Pastor Byun took photos of each of the children and each class. He went back to Canada and had the photos developed. The photos were put into beautiful frames and sent to our teachers through the mail. The teachers received the photos and they were very happy. Thank you Pastor Byun and brother Sung Hoon! We bless you!

### Angels in New Uniforms

'Nicolas' and 'Shera' weren't able to attend school because they couldn't afford the tuition. However, they returned to school with new uniforms and new socks, thanks to the child sponsorship program. Thank you sponsor! We love you and bless you!

Also, we put up a post on the Uganda Dail Community Facebook page saying that we wished to provide new uniforms for our students because they were severely worn-out. An angel in Hawaii responded to our post and now we are able to give new uniforms to about a hundred of our children. Here's a photo of our students with their new uniforms. Thank you angel from Hawaii! We bless you! [DAIL](#)

## PHILIPPINES

**Sung Hee Han**

Director of the Philippines Dail Community

### 2016 Children's Bible School

Over 170 children attended the 2016 Children's Bible School from May 30th to June 4th. The theme of the Bible School was "Moses, the Leader of the Israelites." The children were divided into groups by age.

The group of teachers was comprised of 20 people. Some teachers were over 60 and some were as young as 12. It was beautiful to see all of our teachers taking on their roles to the best of their abilities. At the end of each day, the children received meals through the 'Babfor' program. It was a very tight and small space, but everyone cooperated with one another, and through their service, we felt warmth, love, and hope. I truly hope and believe that a leader like Moses will emerge from among the children in the small village of Malia one day.

### Fantastic Medical Team

On the first day of June, a fantastic medical team visited us for the first time in a long while. This fantastic team, under the direction of Pastor Sung Min Park, came to treat over 70 of the local residents. The local residents were scared to receive acupuncture treatment. To ease their tension, the director and the staff members volunteered to receive the treatment as a demonstration. The local residents saw that the staff members were fine after receiving the treatment, and they opened their hearts. They enjoyed it very much and continued to ask when the medical team would be returning.

Poor villages are susceptible to serious skin diseases, high blood pressure, and various illnesses due to vitamin deficiency. The medical team prayed for the healing power of the Holy Spirit at the start and at the end of their ministry.

## CAMBODIA

Hyeonggil Kim

Director of the Cambodia Dail Community

### For a better future for Ohmanuse Village

Cambodia Dail Community is currently implementing The Korean Red Cross Blood Donor Voucher project. This project is intended to support the improvement of the residential environment and to increase income for mine victims in the Ohmanuse village in Banteay Srei region, as well as for people who live in poor residential conditions.

Prior to commencing the project in detail, we visited 50 families to listen to their stories and their needs. There were some families that live in the regular homes commonly seen in Cambodia. However, most families lived in houses with poor walls, roofing, and flooring conditions. It was hard to believe that anyone could live in such conditions. The local Cambodian staff member who visited the families with us witnessed such living conditions for the first time and shed tears in sympathy.

In order to ensure efficient project implementation, we submitted a project plan to the Department of Social Welfare in Siem Reap. They

Families receiving chickens

not only approved of the plan but also promised to give us full support.

The income increase project provides chickens to mine victims who are not able to work to sustain their lives, and who have been neglected by the local community due to their disabilities.

Before providing the chickens, we visited the families who would be receiving them and built chicken coops for them. One of the men looked at the chicken coop and was very happy, and he said that it was better than his own house. We were very glad that the recipients were happy. We felt love through sharing and giving on the day of delivering the chickens. The driver delivering the chickens was worried that the chickens might get sick or die during transport due to heat. He got up early in the morning to prepare to deliver the chickens. One recipient shared her hopes to raise more chickens and expressed her joy. People giving help and those who received help all experienced the joy of sharing and giving.

This is our prayer. We pray that people and chickens alike will not become weary in the hot summer heat or sudden torrential rain, and that everyone would be healthy and happy. Also, we pray that the families that received the chickens could feel and experience the love of God through our act of sharing. We sincerely pray that Jesus will reveal His love through our giving and sharing. **dail**

### Today is My Day

#### Children’s Day Event with Vietnam Dail Community

International Children’s Day Event  
Li Huang Kim Tzuau holding a gift

When we were young, the Children’s Day on May 5th was a very special day. On this day, we received treats, gifts, went to amusement parks, and made precious memories with our families.

In celebration of the International Children’s Day, Vietnam Dail Community also held a Children’s Day event on June 1st. Children and adults alike enjoyed the children’s day celebration in Vietnam. Through the help of many people, Vietnam Dail Community was able to prepare gifts to give to approximately 100 children. One of our greatest supporters, President In Hyuk Lee of Bethel Vina, once again provided 100 school bags just as he did last year. Also,

students Deok Jae Cho, Jung Geun Cho, Tae In Choi, and Tae Jung Choi from Korea each donated a bicycle to children in Vietnam to help them commute to and from school. Also, LOTTERIA, brother Sa Bok Kim from Saigon Dream Church, and Deaconess Won Mi Choo from Saigon Korean United Church provided snacks and hamburgers for the children. Furthermore, Saigon Dream Church provided abundant food for the children to brighten up the festive atmosphere. Vietnam Babfor was filled with joy and celebration on Children’s Day.

We would like to extend our sincere gratitude to all of our sponsors for making our Children’s Day celebration a great success. We ask for your continuous prayer and support so that Vietnam Dail Community can be used as a channel to deliver love to our neighbors. Through your prayers and support, the children that make up Vietnam’s future will be bright leaders.

We are very glad to have been able to provide our children with a memorable day. It was possible because of your help and support. Thank you.

Jongwon Park

Director of Tanzania Dail Community

### Visiting the Families of the 3rd Hope Class Students

It's already been 4 months since the students of the 3rd Hope Class began studying together. At the beginning of the semester, we planned to visit the families of our students, so we went.

Local teacher Undesh and Hope Class administrator Jae Yoon Jung visit 4-5 students and their families after school on Thursdays. The families of our students work hard to make a living, but the parents say that they find the strength to work harder when they see their children studying through Hope Class. It makes us want to provide better education for the children when we hear such things from the parents. The only meal that the children used to have was a single bowl of steamed corn powder. But the children are now able to enjoy snacks and

nutritious meals at Hope Class. The parents of the children say that the children are healthier and also have grown taller. It is all through the grace of God.

The children also often suffered from fevers due to malaria, but when we hear that the children regained their health through Tanzania Dail Community, we always think of our sponsors who provide support through finances and prayers. Although the families live in earthen housing and homes with leaking roofs, the parents say that they are able to endure the hardships because they can see that the children are finding hope through the Hope Class. When we hear such statements from the parents, it makes everything that we do worthwhile.

The teachers who visit the families of the students say that their hearts are also strengthened when the parents express their gratitude to them.

Please continue to support our staff members of Hope Class who are working to instill hope in the hearts of the children at the hopeless Kunduchi quarry through your prayers.

It's because of you that our children are able to develop their hopes and dreams. Thank you! Our Hope, Our Children!

### **Time of Compliments and Encouragement shared between Hope Class Students**

The children appeared to be very timid and shy at the beginning of the semester, but gradually, they began to show their 'true colors.' Children will always be children. They focus on studying during class, but when the recess bell rings, the classroom becomes as noisy as a marketplace.

There are certain children in particular who roam about the center facilities, while some children are very mischievous and cause other children to cry. The teachers were observing the children and put their heads together to promote emotional development and friendship among the children. Every day after the 2nd class, we have a teatime when the children hold hands together to confess that they love one another, and also encourage and compliment each other.

The children found it awkward at first, but now

they look each other in the eye to confess their love and also encourage one another. There have been subtle, yet noticeable changes in the children since we began to have this time of encouragement. The children are now more emotionally stable, they don't fight as often, and they've also learned to be considerate. It is evident that children need love, praise, and encouragement.

There is a noble African ideology called "Ubuntu," which is slowly fading away. It means, "I exist because of you." We hope and pray that this ideology could be restored in the hearts of the children through this time of complimenting and encouraging in Hope Class. We believe that this time will provide the children with special and memorable experiences to become foundations for the creation of a butterfly effect to heal the painful history of Kunduchi, Tanzania, and Africa going forward~!

Please continue to pray for this special time for our lovely children! Thank you!

## CHINA

**Heejun Lee**

Director of China Dail Community

### June 1st is Chinese Children's Day

June 1st is Children's Day in China. Generally, Chinese families have only 1 child per family, and Children's Day is a major national event. The families bless the children to the fullest on this day. China Dail Community also held a Children's Day celebration through the help of many people. Each sub-school participated in an athletic event, and students who have graduated sent Children's Day gifts. Also, the children went to a restaurant to have a special meal and went to the theater to watch a movie. It was a very special day. Also, on the day before Children's Day, the children went on a field trip to the amusement park with the local China Dail Community sponsor, Industrial Commercial Alliance of Hunchun. The Children's Day schedule was very busy, but the children had a very special and memorable day through your love and support!

Children on the Children's Day field trip

### New Family Li Zhung Tien

There's a new addition to our family. Li Zhung Tien is a 5 year-old Chinese boy. He's never seen his mother's face. His grandfather raised him until now, and he has become a part of the Dail Children's House family. He plays well

during the day, but when he gets tired and sleepy at night, he cries and looks for his grandfather. Children usually look for their mom or dad when they cry, but since Zhung Tien never

New member of China Dail Community, Li Zhung Tien

met his parents, he looks for his grandfather. Also, Zhung Tien has a spinal disorder in his neck so he looks like he is tilting his head all the time. His grandfather told us that he was born with the disorder. Once Zhung Tien becomes comfortable with us, we are planning to take him to the hospital to check his neck. Please pray for Zhung Tien to quickly adapt to our new environment.

### Birthday Party for Hyangmi and Mun nyeo

Hyang mi and Mun nyeo's birthdays are a day apart so we held a joint birthday party for them. It was special as it was Munnyeo's first birthday at Dail Children's House. She found it very awkward to receive such blessings and noisy birthday wishes for the first time in her life. We prepared balloons, decorations, a small gift and a handwritten birthday card to celebrate Munnyeo's first birthday with us. We bless Mun nyeo and Hyang mi's prominent future! **dail**

## DAIL ANGEL HOSPITAL DAIL LITTLE HEAVEN

### Jeongsun Lim

Director of Dail Little Heaven

Mr. Hyu Sik Kim's  
funeral ceremony

### Rest in Peace, Hyu Sik Kim

Hyu Sik Kim was introduced to Dail Little Heaven on March 6th of 2014 through Dasiseogi Comprehensive Support Center at Seoul Station. His health status at the time was indescribably poor as he was diagnosed with nasal cavity cancer 2 years ago. The cancer cells spread from his mandibular joint to his brain, and as a result, he lost sight in his left eye. He had already lost sight in his right eye 20 years ago due to an accident. He was practically blind. He was given 2 months to live at the time of cancer diagnosis. He didn't have any hope left in his life, and only darkness was ahead of him. But Dail Little Heaven embraced Hyu Sik Kim to help him find a single ray of hope.

Through the help of the staff and employees at Dail Little Heaven, Hyu Sik Kim didn't give up on his life. The doctors gave him 2 months to live, but a year from the day he came to us, on March 6th 2015, he was baptised by Pastor Ildo Choi. Furthermore, his prayers must've been answered as he regained contact with his family that he'd lost touch with a long time ago.

He was hopeless before he came to Dail Little Heaven, but he rediscovered the joy of life after coming to us. He was with us for roughly 26 months, and on May 8th 2016, God took him

into His arms. Hyu Sik Kim's family members who had lost touch with him for a long time expressed their gratitude to Dail Little Heaven and decided to become a part of the Dail Angel Sponsorship program. Dail Little Heaven will continue to work to help lonely and neglected people to find comfort in the latter part of their lives without having to end their lives on the streets.

### Dail Little Heaven is made possible through the help of volunteers

On June 6th, 2016, a group of angels without wings visited Dail Little Heaven in remembrance of Memorial Day. They were introduced to the ministries of Dail Community and its overseas branches and told us that they were very moved and impressed by what we do. They also asked many questions. They came to our facility on Memorial Day and chatted with the seniors, and also prepared a thoughtful meal. Memorial Day at Dail Little Heaven was a very memorable day. Most seniors at Dail Little Heaven were socially neglected prior to coming to us. Also, their family relationships had been broken and lost long ago. As a result, they are very judgmental and cynical when they first come to our facility. However, through the love and care of our employees and volunteers, their attitudes change completely, and they are very friendly and kind to our staff and volunteers. It's God's miracle for a person to change. Dail Little Heaven's slogan is 'God heals and we serve.' We will continue to serve the seniors and let God do the rest.

## BABFOR SHARING MOVEMENT HEADQUARTERS

### Se In Ko

Vice Director of Babfor Sharing Movement Headquarters

### May 2nd Five Loaves and Two Fish Event

May 2nd is a very special and meaningful day for Dail Community. The Babfor movement has been in operation for the past 28 years. Christians call it a 'modern day miracle of five loaves and two fish' and non-believers call it the 'twin cave bridge miracle.' But at Babfor, we celebrate May 2nd as the 'Day of Five Loaves and Two Fish' to sustain the miraculous achievement 'until the day no one starves.'

This year's Day of Five Loaves and Two Fish event was special. In the past, we used to have feasts for the elderly and we also invited volunteers to serve. But this year, we didn't invite volunteers; the staff members from Dail Communities throughout the country came together to serve at the event to strengthen Dail's sharing and serving mentality.

In the afternoon, Babfor's honorary director of headquarters Elder Yong Geun Cho provided support for 200 of the eldest senior members at Babfor to watch the life story of Pastor Ki Chul Ju called 'Ilsagak-oh.' The seniors were silent while they watched the film about this pastor who fearlessly kept his faith in God even at the point of death during the Japanese colonial era. When the film was over, the seniors' eyes were filled with tears and they expressed their gratitude for the opportunity to watch such a meaningful film. One also told me that the world that we live in is much more comfortable now, and they also made various other remarks.

### May 10th Parents' Day Event

There is another day that we celebrate in May- it is Parents' Day. This year, May 8th was on a Sunday, so we held the Parents' Day event on May 10th. There were some difficulties because of the heavy rainfall, but we were all aware that many of the elderly look forward to this day. So we did our best to prepare the event despite the bad weather. The feast was full of abundant food, gifts, and exciting performances. Our Babfor staff members showed our respect to the elders by bowing to them and wishing them health. We also promised to serve them even more in the future.

Many people attended and supported the Babfor senior's feast despite their busy schedules. Hosigi Double Chicken came early in the morning with

Day of Five Loaves and Two Fish

Parents' Day

their cooking truck along with many of their staff members to serve 1000 servings of fresh fried chicken and beverages. They also prepared 1000 gift sets for the seniors, helping to individually pack and present them. Dongbu District Office of Education also delivered 1000 handmade carnations for the seniors, and also helped to serve food at Babfor.

Somang Church's Yebit Korean Folk Music Team and Hesed Dream Chamber Orchestra attended the event to perform for the seniors. The event venue was a bit small for indoor performances, but Yebit Folk Music Team put on an exciting performance indoors and outdoors, despite the rainy weather. Hesed Dream Chamber Orchestra is comprised of youths ranging from elementary school to high school students. They took a leave of absence from school to come and perform for the seniors. This orchestra performed some of seniors' favorite pieces including 'Arirang' and '100 year life'; they prepared and practiced the performance for over a month. At the event, someone suggested that the Yebit Team and the Hesed

Team put on a joint performance. The two teams spontaneously performed a joint piece together to liven the atmosphere.

After the Parents' Day event was over, the seniors expressed their gratitude for having been given such a wonderful time despite the rainy weather. They said that they've never received such filial treatment. We held the seniors' aged hands and promised to hold a greater feast next year. We wished them health so that they can reach 100 years of age. **dajil**

# I . am . a . happy . volunteer .

## Bapfor

### jt Trust Group |

jt Trust Group visited us with a donation of 3 million KRW to support and help us at Babfor. They were surprised to see that there were more people in need of a single meal per day than they had imagined. They said that they would return again to serve if given the opportunity. We hope to see you again soon.

### Keunbit Church |

The pastoral staff and members of Keunbit Church visited us to serve at Babfor. Keunbit Church is led by Pastor Young Deug Park, who is a close friend of Pastor Ildo Choi. They brought 3 million KRW to support us, and they also promised to visit and help us on a regular basis.

### Seoul Milk |

There is a group of volunteers that the seniors always look forward to meeting. They are the volunteer group comprised of the executives and staff members of Seoul Milk. They bring a wide variety of milk products every time they visit us. This time, they donated 800 cartons of milk for the seniors to enjoy after their meals. We hope to see you again soon.

### Hanyang University Hamkehnde Choir |

Hamkehnde Choir, comprised of Hanyang University graduates, visited us to serve at Babfor, and they also performed for the seniors. They gathered what they had and delivered 300,000 KRW as a donation. They said that they were very touched and moved by serving. They promised to return to serve again in the future.

## China

### Hunchun Industrial-Commercial Alliance |

The members of the 3rd league of Hunchun Industrial-Commercial Alliance visited the Dail Children's House. They visited us last spring, and they are providing support and service on a regular basis. Since the members each have different occupations, they were able to provide support in various areas, such as children's education support, writing classes, learning tools, etc. We are grateful for the services provided by Hunchun Industrial-Commercial Alliance.

### POSCO Hyundai Logistics Ltd. |

POSCO Hyundai Logistics Ltd. has been supporting us since 2015 on the last Friday afternoon of every month. The overseas president and the employees form groups of 15 to serve and support us in shifts. They are now familiar with the children and also understand how the children's house operates. They are able to identify areas that need help to carry out the most difficult tasks.

## Vietnam

### Eun Young Cheoun, Eun Mi Hyun, Hyun Joo Park, Sae Young Cheoun |

Eun Young Cheoun, the assistant manager of headquarters for Vietnam Dail Community's ministries, visited Vietnam Babfor with her friends Hyun Joo Park and Sae Young Cheoun. They are kindergarten teachers, and they volunteered to wash the dishes and clean the tables. Sister Eun Mi Hyun charmed the seniors and children at Babfor with her beautiful smile. We would like to thank our beautiful sisters for visiting Vietnam Babfor during their short vacation.

### Yoon Jeong Choi |

The month of May in Korea is known as 'family month.' It was also 'family day' in May 2016 at Vietnam Babfor. After assistant manager Eun Young Cheoun visited us, vice director Yoon Jeong Choi of Cambodia Dail Community visited Vietnam Babfor. Vice director Yoon Jeong Choi's service brought smiles to the faces of the people who received the food. We would like to thank vice director Yoon Jeong Choi for visiting us.

## Cambodia

### Na Dol Seom Ministries |

Na Dol Seom Ministries have an objective to share, care, and serve!

Na Dol Seom Ministries go on overseas mission trips on 2 or more occasions every year. They visit the Cambodia Dail Community every year to serve and share their love. This year, Pastor Chun Shik Lee and 7 staff members visited Cambodia Dail Community to serve at Babfor. They delivered financial support for Babfor, as well as school supplies and clothing. Also, they gave special gifts for sponsored children. We would like to thank Na Dol Seom Ministries for their continuous support.

### iCOOP Consumer Life Cooperative |

Through the help and support of iCOOP Consumer Life Cooperative, the Association of Borderless Scientists and Engineers installed a water purification system at Cambodia Dail Community's Siem Reap Center. The members of iCOOP Consumer Life Cooperative gathered millions of PET bottle caps to raise funds for the material costs required for the water purification system. Last May, the members from Osan District in Pyeongtaek visited Cambodia Dail Community to inspect the water purification system. Also, they saw how the children enjoyed drinking the water from it, and they volunteered to serve at Babfor. The members said that their small effort of collecting PET bottle caps produced a great result of providing safe and clean drinking water for the Cambodian children. After serving at Babfor, they thanked us for giving them the opportunity to serve, and they gathered what they had to provide financial support before they departed. They also promised to continue to collect PET bottle caps. Our world has become even more beautiful thanks to the members of iCOOP Consumer Life Cooperative.

### Union International School in Philippines |

The teachers and students of Union International School in the Philippines visited us at Cambodia Siem Reap Babfor Center to serve. Teacher Abraham Cho and his students plan overseas volunteer service every year and have been visiting us at Siem Reap Dail Community Center for several years. Teacher Cho stated his hopes for everyone to remember that there are children living in poor environments all around us. This year, they volunteered to clean the surroundings of the playground. Also, he said that he wants to make the playground a cleaner and safer place for the children and promised to provide support for playground facility improvements. We would like to thank you for helping our children to enjoy better playground facilities.

### Beijing Korean Youth Choir |

There is a choir comprised of Korean youth residing in Beijing, China. They wished to donate their talents by visiting Cambodia. They visited us to serve at Siem Reap Babfor Center, and also performed choral singing and Taekwondo choreography prior to serving at Babfor. The children were filled with amazement when they saw their performance. The choir gathered donated goods from the Korean community in China to deliver significant amounts of medical products, snacks, etc. I still can't forget the faces of the children after they had tried these delicious snacks for the first time. Thank you.

## Dail Angel Hospital Dail Little Heaven

### Kyunghee Girls' High School Nokhwang |

Kyunghee Girls' High School's Nokhwang is a volunteer club that sets aside a specific date every year to provide volunteer services at Dail Little Heaven. They bring smiles to the faces of our family members every time they visit, and they help us to establish a positive mindset. The time of day for volunteer service does not matter to them. Year after year, they come with new volunteers to bring joy and happiness to our family members. They are 'Kyunghee Girls' High School's Nokhwang Club', and they always fill us with a 'happy virus'.

### Sungin Middle School Saffron Volunteer Group |

In celebration of Parents' Day, Dail Little Heaven's elite resident Dr. Geun Bae Lee introduced Sungin Middle School's Saffron volunteer group to serve at Dail Little Heaven. They brought handmade carnations and delicious rice cakes for our family members. Thanks to the Saffron volunteer group, our elderly family members were filled with joy and satisfaction. We have an elite resident and an elite volunteer group! Dr. Geun Bae Lee and Sungin Middle School's Saffron volunteer group are the best! We praise God and wish to declare the joyous gospel to the world to lead those who are lost to Jesus.

### Bright Light Volunteer Group |

Bright Light Volunteer Group provides birthday cakes for each of our family members at Dail Little Heaven. They not only make the cakes but also write the names of the recipient when they bring the cake. Their hearts to serve our family members are truly beautiful. We hope that Bright Light Volunteer Group can continue to serve us by providing amazing birthday cakes for our family members!

### Seokgwan High School 3rd Year Group |

The photo shows a teacher and 3rd year students from Seokgwan High School; they are the No.1 volunteer group that serves Dail Little Heaven. Despite their busy academic schedule, they volunteer to take on the most difficult duties, and they have never uttered negative remarks such as 'this is so tiring,' 'I can't do this,' or 'give me something else to do.' They are willing to serve diligently, and they serve us consistently every Saturday. They are the best volunteer group. Our employees and even other volunteer groups recognize this team in particular for their services. Everyone says, "I've never seen a team that works as hard as this one." We would like to thank the teacher and the students for being a reliable help to us at Dail Little Heaven.

## Volunteer Story

### University of Seoul RCY Team Hye Soo Kang |

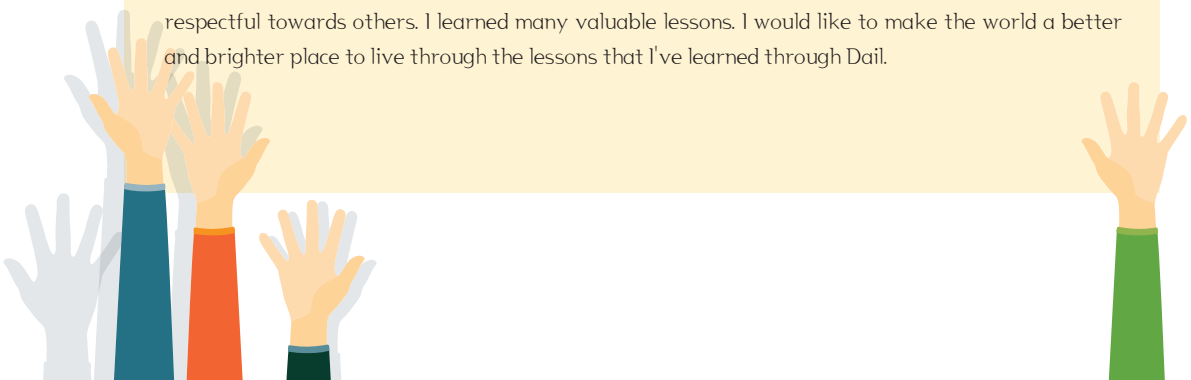

Hello.

My name is Hye Soo Kang, and I am a member of the RCY Volunteer Team from the University of Seoul. While studying at university, our members felt the need to engage in volunteer activities, and a group of us decided to form the RCY volunteer team. We were looking for places where we could provide assistance, and we were introduced to Dail Little Heaven. So we decided to visit Dail Little Heaven on a regular basis to provide our services.

At Dail Little Heaven, I take walks with the seniors, provide shaves, arrange and manage goods, clean the facilities, and also help with kitchen duties. The most meaningful activity was taking walks with the elderly and helping them shave. All of the elderly seniors were excited when I asked them if they wanted to go out for a walk. It must've been difficult to go on walks on their own. I was very glad that I was able to help them get outside. When I was shaving the faces of the elderly, it was very sad to see many of the seniors had long beards. It was also very sad to see that their expressions looked very exhausted and tired.

They lived in a different generation, and they have very different experiences. But when I gave them my help, it felt as if I could relate to their feelings and thoughts, at least for that moment. I was very grateful for the opportunity to serve, but I later realized I gained much more in return through serving.

I was able to think about what it means to 'live together,' and also learn how to be considerate and respectful towards others. I learned many valuable lessons. I would like to make the world a better and brighter place to live through the lessons that I've learned through Dail.

## He Giveth More Grace

He giveth more grace when the burdens grow greater,  
He sendeth more strength when the labors increase;  
To added afflictions He addeth His mercy,  
To multiplied trials, His multiplied peace.

When we have exhausted our store of endurance,  
When our strength has failed ere the day is half done,  
When we reach the end of our hoarded resources  
Our Father's full giving is only begun.

His love has no limits, His grace has no measure,  
His power no boundary known unto men;  
For out of His infinite riches in Jesus  
He giveth, and giveth, and giveth again.
